VOL. 5. EDMONTON, ALBERTA. WEDNESDAY, AUGUST 28, 1907. NUMBER 102.

A Volunteer Crop of 16 Bushels

J. Polson, Dominion Immigration Officer, Touring Southern Alberta Tells of a Wheat Crop at Lethbridge, Which, After Cattle Had Grazed Upon it for Over a Year, Produced 16 Bushels.

Bulletin Special.

Calgary, August 28.—One of the visitors to town yesterday was J. Polson, a Dominion immigration officer who has charge of the advertising department at Winnipeg. He is making a tour of the west with the object of getting samples of grain for the use of the department. In an interview yesterday he stated that he had just returned from a trip from Southern Alberta, where he bought four car loads of grain.

Speaking about the south country, he stated, "let me tell you a remarkable thing that came under my notice when I was there a few days ago. At Lethbridge there is a big farm of 2,200 acres, known as Silver Farm, owned by Daniels & Co. Two years ago it yielded a big crop, but it was summer fallowed last year and cattle were grazing upon it. This spring the cattle were turned out on the ranges, as is usually the case, and shortly afterwards tiny shoots began to appear, and presently it became evident that there was going to be a crop of wheat. When I was there they were threshing the wheat and it was yielding 16 bushels to the acre. Just think of that sixteen bushels an acre from a volunteer crop."

"What about the general crop in the south country?" asked the reporter.

"Magnificent," Mr. Polson said. At Cardston, the fall wheat will run out at about 40 bushels, and I fully expect 30 from the spring wheat. In the Cardston district they have some splendid barley. It is the talk of the country. Experts say it cannot be beaten anywhere."

"But how those places along the south line have grown. Why, when I was in Lethbridge four years ago there was hardly a farm under cultivation. Now there are fields upon fields of magnificent wheat crops, besides some great crops of alfalfa."

GIFT IS COSTLY.

And King Is Embarrassed by Evidence of Good-Will.

London, Aug. 27.—The plans of Premier Sadhu of the Transvaal to present the $1,000,000 Cullinan diamond to King Edward, meets with much criticism, both in England and the Transvaal. The finances of the colony are in bad condition and many persons think that the money could be better used. Moreover, the magnates of the premier diamond mining company have found the Cullinan diamond to be a white elephant. There is no market for such huge stones. The Premier people are political supporters of General Botha's party and critics say that if the stone belonged to the De Beers Company, which is an opponent of General Botha, there would have been no thought of presenting the diamond to the King, adding that the Botha party want to get the credit for a patriotic act while putting money from the treasury in the pockets of their friends at a time when the colony can ill-afford such luxuries. The controversy places King Edward in an embarrassing position.

FRISCO ISSUES BONDS.

For 115 Millions with $100,000,000 Increase in Capital Stock.

St. Louis, Mo., Aug. 27.—A special meeting of the stockholders in Frisco railway was held here to-day and a new mortgage bond issue of $115,000,000, and an increase in the capital stock from $100,000,000 to $200,000,000 was voted. The increase is made necessary by the Missouri law to enable the road to mortgage the bond issue. The issue will mature July 1, 1927, and are to pay interest not to exceed 5 per cent.

They will be redeemable at the company's option. Two million dollars worth are to be issued at once, the remainder to be extended over a period of years. A copy of the new mortgage will be filed in every county in every state through which the Frisco operates.

Insane Men's Awful Act.

Detroit, Aug. 27—Albert Stemmelen, 270 Hadley avenue, Ecorse, and one of the Wesson estate, became insane today, and taking his two year old daughter to the bridge in the Rouge tonight, threw her into the Detroit river and watched her drown. Stemmelen's family is under the care of a physician and he believed he was making an acceptable human sacrifice to God by the act. After throwing the child in the bridge he went to police headquarters and calmly told what he had done. He told no one had been locked up in a cell than the prisoner's wife telephoned to the police that the little girl was missing. It then developed that Stemmelen had been talking queerly for about a month and that today at dinner he began to show signs that alarmed his family.

The Evicted Tenants Bill.

London, Aug. 27—The Irish evicted tenants' bill finally passed both houses of parliament this evening in what Chief Secretary for Ireland Birrell called an emasculated form. The lords refused to budge on the main amendments and in spite of the goads of the Nationalist members the government elected to accept this mutilated measure rather than abandon it entirely. The principal amendments inserted by the peers deprive the commissioners of the power of turning out the holders of farms for the purpose of reinstating evicted tenants and give landlords the right to appeal to the courts against the rulings of the estate commissioners regarding the value of land to be purchased.

MOVES FOR DISMISSAL.

Harriman Wants Suit for $500,000 Damages Dismissed.

New York, Aug. 27—E. H. Harriman, through his counsel, has asked the United States court to dismiss the suit brought against him and 27 other defendants by Henry M. Walker of New Jersey for $500,000 in damages. Mr. Walker alleges in his suits that he was commissioned to organize the Portland, Neh don and Tillamook Railway company, of Oregon, and that he went to London and arranged to finance the road for which he was to receive 2,000 shares of stock, $35,000 and other considerations. He returned from London in 1903, he claims, that the interests in the company had been sold to an agent of Mr. Harriman, and that he (Walker) was unable to get the bonds for delivery in London. The road, it completed, he alleges, would have been a competitor of the Harriman lines in Oregon. Mr. Harriman today asked for a dismissal of the suit on the ground that all other defendants reside in Oregon and California and that they cannot be brought within the jurisdiction of the United States court in this city. Decision was reserved.

CALGARY MAY GET CHEAP POWER

A Competitor to Alexander & Budd Appears in Horizon in Portland Cement Co.

Bulletin Special.

Calgary, Aug. 28—Alexander & Budd will apparently not have things all their own way in connection with the supply of light and power in the city. A rival company has appeared on the scene and there will probably be "something doing." The matter was discussed at a meeting of the light committee that Friday night. That meeting was held en camera in conformity with the ancient views of the municipal fathers, but I was able to discover what the discussion was about. The new power concern is to be established in Radnor and the promoters are the Alberta Portland Cement company, who are seeking the right to water to the city in competition with Alexander & Budd.

This is how it all came about. In the first place the cement company has had considerable trouble in obtaining the power for their machinery and they naturally looked around to try to discover something that would answer their purpose. It may be mentioned at this point that the cement company was the first concern to consider the feasibility of manufacturing power at the Bow river in the neighborhood of Kananaskis and they obtained options on land in the vicinity of the falls as well as on land in close proximity further just then, owing to the heavy fire which partially destroyed their plant, the cement output was light a crop. Messrs. Budd & Alexander happened to hear of the matter just about the time that Mr. Alexander went to Radnor to purchase the expiring option, but Mr. Alexander made a sad mistake and mistook that has proved a very expensive one. He took an option on the land on only one side of the river and the cement company, suspicious of the purpose for which they required it, immediately bought the land on the other side. In the meantime Alexander & Budd brought their scheme before the city council, asking for a franchise for a number of years, but it was turned down. Then they journeyed to Ottawa to get a permit from the Dominion government to erect the plant and dam at Radnor. Upon returning to Calgary they discovered the deal that the cement company had put through. This stopped their idea of the Radnor scheme.

The next move of Alexander & Butt was to survey a site at the horse shoe falls upon the information given by James T. Childs, a civil engineer of Calgary, who some years before had surveyed the site for the C. P. R. All this while the cement company was quietly proceeding with the Radnor scheme. William Kennedy, jr., one of the greatest engineers in power development on the continent, was called into consultation and came west to inspect the site. As a result of his investigations survey parties are now engaged at the spot and building will be commenced in a very short time.

The cement company has approached the city on several occasions with regard to the purchase of power, but last time was on Friday night. What is going to be done in the matter is yet to be determined, but at all events there is every prospect of the power question coming to the front before long.

PUGSLEY TO GET THE RAILWAYS

And Canals Portfolio in Federal Cabinet—No Longer Any Doubt.

Ottawa, Aug. 27.—Hon. Dr. Pugsley, ex-premier of New Brunswick, has reached Ottawa to-night, and will have an interview with Sir Wilfrid Laurier to-morrow, when he will be offered and will accept a position in the Federal cabinet. There is no doubt he will be given the portfolio of railways and canals, vacated by the resignation of Hon. H. R. Emmerson. On Friday he will be sworn in by Lord Grey. Seen to-night by your correspondent, Dr. Pugsley said he had nothing to communicate. He would have an interview with the premier to-morrow, and until then he could not say anything on the subject. As a matter of fact he had no information to give. However, it is pretty well understood that Dr. Pugsley was sent for by the first minister with a view to taking him into the government as minister of railways and canals. There is no change to-night in the Ontario situation. A meeting of the cabinet was held this afternoon, and although the matter was discussed, no decision was reached. Hon. George P. Graham, who rendered Dominion Liberals such splendid service in his organization work in eastern Ontario at the last general election, is the man for the Ontario portfolio, it will also be accepted, but the contention is now being put forward that he cannot be spared as leader of the opposition in the Ontario legislature. This is a high compliment to Mr. Graham, no matter whether he or some one else may be appointed to the vacant portfolio. The story here is for Graham.

MASKED ROBBERS.

Hold Up Three Men in Automobile On Dark Road.

Leadstown, Pa., Aug. 27.—Lloyd Camp, Chas. R. Early and Raymond Dixon, while motoring on a dark road three miles from this place at a late hour last night, were held up by three masked men, who took their money, and valuables. A vigorous hunt is being made for the highwaymen, but there is little chance of catching them.

Island of Cuba Is Dirty.

Washington, Aug. 27.—The war department yesterday made public a detailed report by Surgeon Gorgas of Cuba, showing that since the withdrawal of the American Government intervention and the resumption of American Government by the Cuban army of pacification, there had been a woeful neglect of sanitary precautions and the islands are in a deplorable state of filth. All soldiers concerned to keep the island clean and healthful.

The Governor's report also discloses the fact that the yellow fever of the outbreak has not been confined to the hospital corps men, but has extended to other soldiers.

Before he left Washington, Secretary Taft cabled to Governor Magoon a request for a full statement of the yellow fever conditions and urged the governor to take every step that prudence and experience should suggest to eradicate the disease. Governor Magoon complied by sending today's report.

The report says there are three cases in town exclusive of soldiers. Twelve soldiers contracted the disease and three of them died. All soldiers contracted the disease in hospital. No cases have appeared in soldiers' headquarters.

WOMAN WAS ATTACKED BY LION

At Pittsburg Summer Resort, and was Badly Torn—Beast was Filled With Lead.

Pittsburg, Pa., Aug. 27.—Torn, bruised and suffering from shock, Mrs. Anna A. Hucke, 43 years old, this city, lies at her home tonight in a precarious condition as the result of an attack by a lion at Iowa Park, a summer resort in this city, late to-day. Mrs. Hucke was rescued almost from the jaws of death, while she lay on the ground where the animal had thrown her and while scores of rescuers were firing a fusilade of bullets into the blood crazed animal, while it was clawing at the woman's body.

Without warning the lion approached from behind one of the buildings and with a roar sprung for Mrs. Hucke, who was nearest to him. The woman screamed and attracted the attention of the crowds.

W. A. Downing, chief of the park police who came to the rescue, found the lion tearing at the woman's clothing and having drawn his revolver immediately emptied all the chambers into the beast. Repeatedly reloading his gun and each time fired with but little effect. Other rescuers secured Pickert rifles from the shooting galleries and Remington guns from the concessionaries and soon a score were pumping lead at the lion.

Still standing over the prostrate woman flashing his teeth and lashing his tail the lion stood with the ground about him literally plowed up by the hundreds of shots that were being fired at him. Soon with the noise of firearms and the shouts of the woman's rescuers the lion turned and walked a few feet away and sinking down upon the ground he turned over on his back and with a few kicks, and a gasp, he died. His skin was completely riddled with the small rubber bullets that had been fired at him and took effect. The shot that ended his death was among the first fired, that of a 38 calibre revolver, used by W. A. Downing, who he first appeared on the scene.

WILD WOMAN IN GATINEAU WOODS

Harvard Professor Tells Story of Woman Who Hunts Like Diana and Dresses Like Eve.

Ottawa, Aug. 27.—Prof. McAuley, of Harvard University, Cambridge, Mass., is in town, having spent a few days in the country surrounding Blue Sea Lake and Maniwaki, up the Gatineau, and he brings down with him a strange story of a wild woman. While hunting one day in the woods, a scurry in the underbrush caused him to turn his face and rifle in the hope that game was near.

Reverts to Fig Leaves.

To his surprise, however, a face peered at h m from the shadows. It was that of a girl, tanned to a dark brown by the sun, but she seemed to be dressed in nothing but leaves. The poor creature has not a companion, save a number of dogs, who help her in procuring food. She lives mostly on the fruits of her hunting excursions. It appears that owing to some injury done the woman some years ago, she has shunned human society since.

AIRSHIPS GIVE DEMONSTRATION

Of Their Ability to Navigate—Successful German Tests of Two Ships.

Berlin, August 27.—The military dirigible balloon and the Parseval airship figured virtually the whole of the day in the air, and the aeronauts are highly satisfied with the actions of the two ships. Both displayed noteworthy manoeuvring qualities. The military airship made a number of short voyages, including a trip to Spandau and return and executed complicated flights in every direction over the parade grounds. This airship then descended in order to take up the chief inspector of the transportation troops, who desired personally to test the rapidity of the balloon.

In the meanwhile the Parseval airship had undertaken a journey which lasted more than two hours, directly against a strong wind. She made excellent progress. The motor worked well and the balloon answered her helm with the great facility. Both airships landed at a late hour this evening, precisely at the exact spot whence they had ascended. Sailing together, side by side, for a short distance, before they came to the earth, they presented a unique spectacle.

BUY ALBERTA LAND.

American Farmers Come to See Land, and so Pleased Them They Bought.

Bulletin Special.

Calgary, Aug. 26.—A delegation of farmers from Iowa, Nebraska, Illinois and Minnesota arrived on Saturday, and were taken out to-day to the Irrigation lands east of the city. They were so pleased with the country that the same afternoon they purchased over 8,0000 acres of land from the C. P. R. Colonization and Irrigation Co. In conversation with your correspondent, Dr. R. L. James, of Blue Island, Illinois, one of the delegation stated that the party were all practical farmers, and when on their drive out to the country took an all grain look ing so splendidly they could not resist buying. They consider it the best country they have ever seen for the growing of small grains and for stock beets and raising of hogs and horses. These people are representatives of large tracts of land in country in western states, and state they will return home to preach gospel of western Canada.

DIDSBURY'S ENTERPRISE.

Carried By-Laws for Fire Engine, Water Works and Other Improvements.

Bulletin Special.

Didsbury, Aug. 27.—The ratepayers to-day voted on by-laws as follows: $3,000 to build new town hall; $42,500 for purchase of town park and agricultural grounds; $5,500 for fire engine, hose and drilling wells for necessary water supply; $1,000 for sidewalks and other improvements.

Only the two latter by-laws carried. A two-thirds majority was necessary to make the legislation, and the first two by-laws failed by small margins.

The census of the town for 1907 shows a population of 721, which is slightly better than Olds with 709. The count was made in both towns by the Board of Trade from the books. Didsbury is well pleased with the showing as the town is six years younger than Olds.

MUST COME WEST.

But the Necessity Prophesied Is in Dim Future.

Boston, Mass., Aug. 27.—Dr. H. F. Scharff, of Dublin, a delegate to the International Zoological Congress, now in session here, in an interview tonight, gave it as his opinion that indications point to the gradual submergence of the eastern coast of North America and the gradual upheaval of the Pacific coast.

"Boston," he said, "will ultimately sink beneath the sea. It will not happen in your life time or mine. We cannot speak of geological changes in hundreds or thousands of years, they are very gradual, yet they do take place."

Sudden Death of Child.

Bulletin Special.

Olds, Aug. 27.—Rev. James Samis, Baptist clergyman, one of Nebraska colony, arriving here April, 1903, died from a paralytic stroke this afternoon. Deceased had been suffering for some time, but death was unexpected except by even his nearest relatives.

COMMENDS MR. OLIVER'S STAND

W.R. Trotter Declares in Favor of Minister's Opposition to Indentured Chinese Labor.

An audience of about 50, comprising members of the various labor unions in in the city, gathered Tuesday night in the Mechanics' Hall, Third street, to hear W. R. Trotter, organizer for the Dominion Trades Congress.

President Harry Nash, of the Trades and Labor Council, of Edmonton, presided.

The object of Mr. Trotter's visit to Edmonton was to secure the affiliation of several of the local trade unions not yet affiliated with the national Trades Congress. Incidentally he discussed some of the features of the platform of the Canadian labor party, particularly with reference to the labor supply and Asiatic immigration.

Labor's Fight.

The speaker advocated no property or personality qualification for public office, and inveighed against the brute force of wealth in constituencies. He denounced municipal wards as the means to enable the property owners to control the working classes. The working interest, for the first time, understood their opponents. The struggle was pretty well defined now as one between the Canadian Manufacturers' Association and the Trades Congress of Canada. Legislation would be before the Dominion parliament next session, and he drew attention to the fact that opposition was shown in the recent by-election in manufacturers when bills in the interests of labor were up before the house. He referred to the attitude of the Canadian Manufacturer which set forth the argument that since the labor men had been allowed to bring their grievances before the attention of parliament, it was necessary to have the employers' association established at Ottawa to lobby their interests. The speaker said he wondered at this when he regarded the Commons as an enlarged committee of the Canadian Manufacturers' Association.

Criticized Lemieux Act.

He stoutly contended for the integrity of the international union, and stated that they should stand behind the telegraphers in their efforts in their strike at the present time.

Criticising the Lemieux Act, he said it was a relic of feudal days to force that open shop by legislation. He stated that governments have no real interest in the working man except for his vote.

He scored the Associated Boards of Trade Convention for the resolution passed at Prince Albert on the scarcity of skilled and unskilled labor in the west. He said that there was no such scarcity. He criticized the convention for receiving the argument that lumber was scarce because there was high, when at the same time the loggers of British Columbia had closed their camps on account of the overproduction of logs, and when an arrangement had been made with the manufacturers to cut $800,000 worth of logs out of the way to maintain a false shortage of logs.

Praise for Oliver's Stand.

He denounced immigration either from the east or west. He commended the position of Hon. Frank Oliver with respect to indentured Chinese or Japanese labor, and stated that Oliver had made a bad break on the question yet. He has expressed the sentiments we, as laboring men, have been waiting to express." With respect to the Hindoo, he said they would soon stop coming of their own accord. They were religiously and physically unfit for this country. The demand for labor and hasty development of the country came from a few, who desired to make fortunes in this generation by exhausting the resources of the country and saddling upon it an era of depression and creating thousands of unemployed.

Killed in Wreck.

Charleston, Ill., Aug. 27.—One man was killed and seven passengers dangerously injured in the wreck of a Clover Leaf passenger train at Bowman, 12 miles north of here to-day. Two cars jumped a switch and crashed into a box car. F. E. Conkling, of Texarkana, Tex., was killed.

CROP CONDITIONS ALONG THE C.P.R. IN ALBERTA AND SASKATCHEWAN

Calgary, August 28.—The following is a report of crop conditions along the line of the Canadian Pacific in Alberta and Saskatchewan west during the week ending yesterday, compiled by general superintendent R. B. Jamieson from reports received from the railway company's agents at the different points:

Swift Current—Weather past week favorable for crops. Wheat cutting started on Monday.

Maple Creek—Weather favorable. Wheat nearly all cut. Barley all cut, fairly good yield. About quarter of oat crop cut.

Walsh—Crop situation shows slight improvement over previous week.

Irvine—Weather dry and cool. Expect crops will be light.

Medicine Hat—Weather all that could be desired. Crops will be very good. Would better than start grains.

Gleichen—Harvesting of fall wheat and barley now in progress and promises good yield. No damage from frost.

Strathmore—Crops still doing well. Weather fine and favorable.

Langdon—Crops in good condition. Harvesting expected to start in about ten days.

Airdrie—Crops progressing favorably. Cutting in progress. No damage.

Carstairs—Weather very favorable. Crops in excellent condition. Cutting will begin this week. Rain Monday night, but no damage.

Didsbury—Weather warm and dry until Sunday, when heavy rain fell. Late grain hurt a little by frost a week ago. Fall wheat and grains generally in good condition.

Olds—Weather past week rather unfavorable, cool and rainy.

Bowden—Weather cool and rainy. Some barley, oats and wheat being cut. Good crop prospects. No damage reports.

Innisfail — Weather favorable. Crops in good condition. No damage reported.

Penhold—Cutting general. Crops suffered very little from frost a week ago.

Red Deer—Crops in good condition. Harvesting now very rapidly. Heavy rain during week.

Balkfalds—Crops in good condition, and ripening slowly. No damage from frost.

Wetaskiwin—Weather more favorable for ripening of grain. Cutting of barley has commenced and cutting of wheat about to commence. Weather on Monday fine and warm.

Ponoka—Crops doing well. No damage from frost; some barley being cut.

Leduc—All grain doing well; no damage. Weather during past few days has been fine.

Stettler—Harvest will be general in week. Weather fair. No damage.

Alix—Weather more favorable during past week. Harvesting has commenced and will be general in few days.

Hardisty—Grain made little progress during week on account of rain. Slight frost, but no damage reported.

Sedgewick—Weather cool and rainy. No damage to crop reported. Very little cutting done.

Lacombe—Crops during first part of week fine and warm. Crops ripening rapidly. Harvest should start next week. No damage.

Bawlf—Crops doing well.

Daysland — Crops doing nicely. Cutting of barley has commenced and good crop reported. Weather rainy and cool at nights. No damage.

Camrose—Crops in splendid condition. Cutting of barley in progress and good crop reported. Weather rainy and cool at nights. No damage.

Camrose—Crops in splendid condition. Cutting of barley in progress and good crop reported. Weather rainy and cool at nights. No damage.

Okotoks—Fall wheat nearly all cut, yield heavy. Oats and other grain being fine. Weather very favorable.

High River—Harvesting now general. Bright prospects for record crops. Heavy rain Sunday.

Nanton—Weather during past week favorable for all crops. No damage to crops reported.

Stavely—Weather during past week favorable. Fall wheat all cut. Spring wheat somewhat backward.

Claresholm—Weather during the past week favorable; fall wheat cutting in full swing.

Lethbridge—Weather fine. Harvest in full swing and cutting and some oats being cut. No frost reported.

Pincher—Weather ideal and wheat ripening rapidly. Cutting general.

Cowley—Fall wheat cutting has commenced. Spring grain doing well. Slight damage from frost.

Lundbreck—Crop prospects still continue favorable. No damage. Harvesting stopped for present on account of recent rains.

East is Much Interested In Crop

Of the West. Means Much to the Whole of Canada. School Superintendent McCaig Gives His Observations in the East. Banks Attack on Municipal Ownership in Western Cities Has Been Unfair.

Superintendent McCaig has just returned from Chicago, where he has been taking, in company with Inspector Ross, of Strathcona, a course of lectures in problems of school management and supervision. In addition to the work at the College of Education, they visited schools in Winnipeg, Minneapolis, St. Louis, Peterboro, Guelph and other places.

Apart from the work of school interests with which they were specially concerned, they had opportunities of viewing general conditions in the older part of Canada. There is no mistaking the importance in the west to the prosperity of the Dominion, judged by the way the easterners are following our crop conditions. A failure in crops here would strike the wholesalers through our retailers, and this would react strongly on manufacturing industries, which have been undergoing a wonderful expansion during the last ten or twelve years. Ontario crops do not appear to be specially good this year, but the circumstance is not of much importance there as it would be here, owing to the concentration of soil products into a diversity of commodities, such as meats, poultry, butter, cheese and eggs, which have such a splendid market in the old country, owing to their superior quality.

Western Crops Better.

The appearance of crops in the west, apart from the matter of lateness, is much above that of their appearance in the east. The light top of vegetation over large areas in Ontario and even Southern Manitoba is a good warning against the practice of grain growing, instead of the pursuit of mixed farming. It is a matter for congratulation that in Alberta our dairy interests have already attained considerable importance. Poultry is being encouraged, but the feeding of different classes of meat stock, such as those kept on the ranges, is not progressing as fast as it should.

With regard to financial conditions, the easterners have an exaggerated idea of the speculative habit which is said to prevail in the west. It seems to be lost sight of that the danger of towns where there has been considerable activity in real estate does not exist in all of them, and the great body of investment is concentrated on farm lands, which are the safest properties to which moneys can be put, in comparison with mines, industrial concerns and city property. It seems to be lost sight of that it is practically impossible to have a boom in farm lands, while there are still large unoccupied areas to be had for nothing. It is forgotten that the ultimate buyer in the case of farm lands is the man who is going to grow farm crops, and no real estate broker can rush these values past the point of economic safety.

Banks Attack on Municipal Ownership

There is a little satisfaction in the east as in the west with regard to the somewhat sudden action of the banks in restricting loans, and there are evidences that the banks will very shortly come into the limelight of politics. It appears from the effect of the action of the banks, as well as from their pronouncement that the debentures of cities in the west where municipal ownership is in fashion, have suffered more than the debentures in other cities. It has not been shown by the limited application that the principle of municipal ownership is not good, nor can it be conclusively shown that in no case has the progress of municipal works approximated the needs and growth of these cities. It has been pointed out that the persons most closely connected with the corporations and private franchises are likewise the ones most closely connected with the banks, which may be the explanation for the attack on municipal ownership.

As to School Matters.

With regard to school matters, Messrs. McCaig and Ross both testify to a very profitable time. Their visit did not have the effect of lowering their estimation of the work being done in our elementary schools, or of the efficiency, industry and intelligence of our teaching staff. Comparing our provincial system with a state system, two extremes are presented, namely, one of extreme uniformity of work and of qualifications of teachers, the other of rather confusing variety. The first may be probably opposed to individuality of development with respect to towns and cities, the second leads to irregularity and uncertainty even in elementary training.

In certain respects the United States are very far in advance of us. This, of course, is incidental to our pioneer condition. Many of the states of the union have large and liberally endowed colleges, in which the best of opportunities are given for the study of educational problems of all sorts. These colleges are developing the class of distinguished leaders in educational thought. One condi-

tion makes this impossible at present, but it would appear to be good policy at the inception of our university to have established a faculty of education for the furnishing of advanced training for teachers. We have over a thousand teachers in the province whose labors are fraught with greater importance to the making of our people than any other body of the same number, from which it would appear that an institution to teach the teachers should be an institution of the highest dignity and efficiency.

Provision For Teachers.

Superintendent McCaig is thoroughly convinced that some provision should be made for the progressive improvement and benefit of teachers. Usually when a teacher secures a professional certificate improvement stops, and the professional aid that a teacher receives after that is limited to an occasional inspectoral visit, attendance at an annual convention and a limited amount of reading of educational literature. There should be opportunities at all times in the shape of lectures and summer courses or special subjects such as child study, school hygiene, the principles underlying a program of studies, etc., for the improvement of teachers. The best of facilities should be provided for teachers in a central library and comfortable reading room in towns and cities to get in touch with the latest thought on their own work, as well as in touch with public literature. The teacher has constantly to fight against isolation.

There is a very distinct tendency in American education towards the practical ideal. This is illustrated in the hand work represented in manual training and domestic science of both elementary and high schools, from the great preponderance of female over male teachers, it is not uncommon to see ladies who are manual training directors. There seems to be a very marked tendency in American life for ladies to enter the careers of men.

In speaking of our high schools, the superintendent believes that it is desirable to differentiate as between boys and girls. Where girls enter the teaching profession it is obviously necessary for them to qualify in the same subjects as men. But it is not to be assumed that all girls who attend a high school do so to become qualified as teachers, and on this account they should not be called upon to spend their days, and more particularly their evenings, worrying over problems for which they have no taste and sometimes little capacity. It is of more importance that the health and vitality of the girl should be carefully preserved. On this account there should be greater opportunities for the answering of individual tastes in the program of studies.

JAPAN SUFFERS FIRE AND RAIN

American Consul Sends For Supplies For the Suffering in Yokohama.

Yokohama, Aug. 27.—A conflagration which yesterday destroyed 70 per cent. of Hokodate, caused much suffering among those who resided in the burned districts. All Americans at Hokodate are safe, including the consul general at Yokohama, who is there on an official visit. Consular-Agent King immediately made a requisition for supplies, which were promptly forwarded. It is understood that King is caring for all the foreigners who suffered by the fire.

Torrents of Rain.

Yokohama, Aug. 27.—The flood caused by torrential rains is supposed to have done several millions of dollars damage in Central Japan. The pipes furnishing the water supply of Yokohama were seriously damaged, entailing a water famine, which continued ten days.

Borden Speaks at Newcastle.

Newcastle, N.B., Aug. 27.—R. L. Borden spoke here tonight, the opera house being too small to contain the crowd anxious to hear him. The other speakers were J. G. H. Bergeron, M.P., Dr. Daniel, M.P., and Senator Poirier.

Real Estate

Do you want a vacant lot?
Do you want a house and lot?
Do you want a 5-acre plot?
Do you want a farm?

CHURCH GOING PROPENSITIES

Of the West Surprises Rev. Dr. Johnstone, of Montreal. He Thinks Well of Alberta.

Rev. Dr. Johnstone, pastor of the American Presbyterian church, Montreal, accompanied by Mrs. Johnstone, is in the city. They are the guests of T. M. Turnbull, manager of the Bank of Commerce.

Dr. Johnstone, although pastor of an American congregation, is a staunch Canadian, a native of Kincardine, Bruce county, which has given so many men of ability to the work of upbuilding Canada. The doctor, who is widely known in the east as an eloquent and zealous clergyman, is at present visiting the different missions in Alberta supported by the congregation of which he is pastor. He proceeds on-morrow to the coast en route for Prince Rupert, and on his return will visit the beautiful Okanagan valley.

"How many missions has your congregation in this province?" the doctor was asked today by a Bulletin representative.

"Eighteen in all, and I have been so favorably impressed with the good work done in each that I am anxious to have more started. I have just come up from Vegreville, Lamont and Fort Saskatchewan, and found fine work being done in each. I must say I have been surprised at the grip church work seems to have taken of the country at this early stage.

"I did not expect to find the west characterized, as it is really to be, by an even greater spirit of church-going than we have in the east. I have to congratulate the west, too, upon having men of a fine calibre in the ministry of the various churches. They are men of real ability, of earnestness and zeal, broad enough to grasp the needs of a growing country.

"What has most surprised you in the West from a material aspect?"

"Why, the rapidity with which the towns come to maturity. They seem in a few years to have arrived at a measure of comfort and elegance which it took our forefathers a whole generation to acquire. But in many ways the settlement of the prairie lands of the west is easier than the clearing of homes out of eastern forests. Another feature that has impressed me is the remarkable buoyancy of spirit visible everywhere. This is a prophecy of the great things ahead of this country and its people. Principal Grant, I believe, originated the saying that Canada is "the country of the twentieth century."

"The more one sees, the more strongly this truth is impressed on one, and in the twenty-ninth centennial of Canada, I feel sure that Alberta will play a notable part."

A SUICIDE AT PARTRIDGE HILLS

Peter Rye, a Well Known Farmer of that District, Takes His Own Life.

Surrounded by exceedingly sad circumstances was the death at Partridge Hill on Friday afternoon last of Mr. Peter Rye. Mr. Rye was a very young man and might be spoken of as being very comfortable in his home and surroundings, but he was naturally of a morose turn of mind, and lately he became very much depressed in spirits. He and his family were in the field together, and in conversation the father remarked, with some degree of caution, that he thought he would leave the place, and handed the boy his watch. Not knowing what his father meant, he went with him to the house. On the way the father stepped at the stable, while the boy went to consult with his mother and sisters. Presently a shot was heard, and the boy rushed to the stable and found his father lying in a pool of blood, with a rifle in his hand. The family is well known in the local district and much sympathy is felt for the widow and children. The funeral took place on Sunday and was attended by a large number of the friends and neighbors.

An inquest was held on Friday by Dr. Donald, of Fort Saskatchewan. A jury was impannelled as follows: Charles Flintoff foreman, Thomas Flintoff, James Whitson, Robert Houston, George T. Stulkley, Richard Gordon.

A verdict was brought in, after the evidence of several witnesses had been heard, "that the deceased came to his death from a gunshot wound inflicted by himself, while he was temporarily insane."

The deceased was one of the best known residents of the section and was about fifty years of age. He had resided at Partridge Hills for a number of years.

Standard Oil in New Jersey.

New York, Aug. 27.—It is quite probable that the government's investigation into the affairs of the Standard Oil Co. of New Jersey, which will begin here Sept. 3rd, will be carried on without John D. Rockefeller, Wm. Rockefeller or Henry H. Rogers being called on to testify. Frank B. Kellogg, special counsel for the government, admitted tonight that there was a possibility that the investigation might be confined to the records and books of the company.

BELCOURT FOR SENATE.

Member for Ottawa Has Been Given a Seat in the Upper House.

Ottawa, Aug. 27.—Hon. N. A. Belcourt, M.P. for Ottawa, was to-day offered, and has accepted, a seat in the Senate.

STRATHCONA NEWS

SESSION LAST NIGHT BRIEF

Strathcona City Council Have a Short Sitting at Their Weekly Meeting.

Last night's session of Strathcona city council was a much shorter one than usual, the meeting adjourning at twenty minutes to ten. The roll call showed the council with the exception of Ald. Hulbert, who is still at the coast.

The Communications.

John R. Lavell addressed two communications to the council. The first was with reference to the claim of the late city teamster Beaubier for $72 and threatening civil action if this sum were not paid by next Saturday and the second with reference to the appeal of F. H. Sache on his assessment to the Supreme Court. After a lengthy discussion it was agreed that Beaubier be paid. The letter with reference to the Sache assessment was handed over to the city solicitor.

W. W. Sanderson, of Stratford, Ont., wrote re inducements for two young men with $10,000 capital to establish a manufactory for cheap clothing in the city. They proposed establishing a company with $50,000 stock and he wished to know what inducements in the way of guaranteeing bonds, exemption from taxes, etc., the city would offer. Also what open lings there were for a contracting and building company. The letter was handed over to the industries committee for answer.

Short, Cross & Biggar wrote with reference to the man Gatleborg, who was killed this year by an electric pole falling on him. They had recommended to their client that the claim be settled for $1,000 and would like to know what action the city intended to take. The city solicitor was asked to report at next meeting.

A letter from Mayor Griesbach, of Edmonton, stated that Edmonton intended imposing a tax of $250 per day on circuses and $25 per day on each side show. He suggested that Strathcona consider the advisability of imposing a similar tax. This letter, with Mayor Mills' reply in accompaniment, was handed over to the bylaw and license committee for report.

The manager of the Family Herald and Weekly Star wrote asking that information be given in an enclosed blank with reference to the city for a book of reference in course of preparation. This information the secretary treasurer was instructed to give.

R. T. Pringle & Co., Ltd., Montreal, acknowledged the receipt of an order for electric supplies to the amount of $332.91.

Other letters which were filed were from Winnipeg Rubber Co. enclosing bill of lading for four cases of rubber; A. Mitchell, provincial weed inspector, acknowledging letter re weed inspector Oglaw; J. H. Lavery, Vancouver, asking bill of city taxes, and others of a like nature.

The Weekly Account.

Winnipeg Rubber Co.	$504.00
Canadian Oil Co.	29.55
R. T. Pringle Co.	332.54
Mount Clare Co.	741.09

Petitions Received.

A petition from E. G. Bonter and J. J. Coggins for a 4 ft. sidewalk along the west side of Niblock on block 44. The petition was referred to the public works committee with power to act.

A petition (number), of the separate school board, petitioned for a 528 foot walk, 5 feet wide, in front of the school along Lansdowne street. The petition was referred to the public property committee.

Reports of Committees.

Ald. Gibbard reported progress on the matter of a driver for the fire team. The present man was giving good satisfaction and was retained. In this connection the mayor suggested that the fire committee meet the chief and Mr. Elliott in order to arrange the duties of the driver.

The committee on the tobacco license reported progress.

"What are you going to do?" asked the mayor, is it going to end in smoke?"

Several other committees also reported progress.

Reports of Officers.

J. W. Turner, superintendent of sewers, reported in writing on the burning of the hand of Richard Allen as told at last meeting of the council. The report was filed.

City Assessor Foster submitted the following report on the city assessment:—

Business assessment	$ 459,050
Real estate	5,534,960
Exemptions	175,050
Reductions—real estate	186,020
Business	24,364

The matter of placing a hydrant upon the city market square was referred to the city engineer for report.

A plan for a subdivision was referred to the city engineer.

Answers to Questions.

Ald. McFarland asked if there was anything wrong with the city water today and the engineer replied that after heavy rains the water from the hills on the south of the wells made the city water of a yellowish color.

The city engineer also said that the hydrants were being blown off and Ald. McFarland thought much of the fault lay in the city tank that had not been cleaned out for some months.

"What was the matter with the electric lights last night?" asked Ald. McKenzie.

City Electrician Kelly explained that it was in changing over from one switch to the other that the new man made a mistake.

Ald. McKenzie suggested that the engineer should remain in the building while a new man was put on in. Mr. Kelly stated that he went down last night immediately upon the lights going off.

Ald. Crawford gave notice of a bylaw to provide for the registration of a plan of DeLong's subdivision.

Ald. Elliott also gave notice of a bylaw to arrange for rebate on taxes.

The question of the licensing of drays and busses was referred to the city solicitor for report at the next meeting.

On motion the police were instructed to collect poll tax from all persons liable to collect the same.

The question of the signing of the contract for coal with the Strathcona Coal company was discussed at some length and ultimately referred to the mayor, city solicitor and city engineer to settle the terms of the contract.

After other informal discussion the meeting adjourned at a quarter to ten o'clock.

LOCALS.

The large tent on the C. and E. grounds, north of the railway station, was packed to the doors for a big audience to see the presentation of Uncle Tom's Cabin by Downie's Company.

At the Strathcona police court yesterday, Jos. Hersdoerfer, who has a slaughter house and stock yard near the bridge, was fined $20 and costs for having a dirty yard and keeping too much stock thereon. Sanitary Officer Turnbull was prosecutor.

E. Gowen is starting an upholstering and furniture repairing shop on Hulton avenue, near the Canora street corner. He is importing machinery for the manufacture of furniture.

Mike Danylnicuuk was working in the extra gang at the C.P.R. yards in Strathcona Monday afternoon, when the lever of a jack flew up and struck him on the ear, injuring that organ internally. Dr. Archibald was summoned and after attending to the case ordered his removal to the hospital. The injury is not believed to be serious.

The Northwest Electric Co., Ltd., have opened a branch in Strathcona under the management of A. W. Kent. The office is in the customs house building.

The freight staff of the C.P.R. have removed to their new offices in the recently elected extension to the freight shed.

George W. Dale and Mrs. Dale, of Ayr, Ontario, have arrived in the city and will take up their residence here. Mr. Dale has taken a position with S. G. O'Brien.

"Howie" Laidlow, of A. H. Richards & Co.'s staff, left yesterday on a trip to Vancouver. He will join his mother at Calgary.

Building Inspector McLean yesterday issued a permit to Clement L. Bretin for a dwelling on lot 4, block 4 Sheppard and Rutherford addition, to cost $800.

The ladies' aid of the Methodist church will hold a social at the home of Alderman Elliott next Thursday evening at eight o'clock.

Rev. C. C. McLaurin, Calgary, general missionary in Alberta for the Baptist denomination, was in Strathcona yesterday.

CASHIER WILL MAKE UP LOSSES

Official of Defunct Bank Will Give Personal Money to Meet Deficit, if Any Exists.

Portland, Ore., Aug. 27—Cooper Morris, cashier of the defunct Oregon Trust and Savings bank of this city, arrived here from the east today. He declared that he was too fatigued and worried to make an extended statement. He said, however, that knowing the conditions of the bank as he does, he is satisfied it will pay dollar for dollar.

Mr. Morris said all his personal money shall be used if necessary in helping to wipe out any deficit there may be. He added that the securities which he took while east were all sent from New York by express to Portland last Wednesday. Part of these were shipped by himself and the rest by the Fourth National Bank of New York.

SWEDISH PRINCE MADE WELCOME

Given an Enthusiastic Reception at Providence and Nahant.

Providence, R. I., Aug. 27.—The second visit of Prince Wilhelm of Sweden to Providence this week was marked by one of the most enthusiastic receptions ever accorded a distinguished visitor. On his arrival by special train from Boston at 8.15, the prince was met at the station by members of the general committee of one hundred citizens. He was then conveyed to infantry hall, where a public reception was held.

Goes to Visit President.

At the close of the reception, accompanied by the committee and his escort, the prince was driven to the Hope club, where he was entertained at a dinner given in his honor, at which were present Gov. Higgins, Adjt. Capt. Gorman, A. F. Klercker, Baron Herman de'Lagerciorants, Corporal Emil Uggla, and other distinguished guests. At the conclusion of the dinner, the prince was escorted by the station by the entire party, where he took the train for New York to visit the president at Oyster Bay.

Guest at Nahant Club.

Nahant, Mass., Aug. 27.—Prince Wilhelm, Governor Guild and a party of eighty arrived here late this afternoon on the yacht, Waconda, the property of Major Hayden, of the governor's staff. About thirty others arrived at Lynn by train, and came to Nahant on special electric cars. The entire party went to the Nahant Club, where the prince was presented to Mrs. Guild. Then, with the governor and Mrs. Guild, the prince received the members of the club. Following the reception, a luncheon was served. The governor and his guest entered an automobile this evening, and were taken to Boston, where the prince boarded a train for Providence, to be entertained at the Hope Club by Governor Higgins.

For a Constitutional Convention.

St. Louis, Mo., Aug. 27—Chas F. Seibold, president of the West End Business Men's Association, who recently sent letters to the governors of various states, asking their opinion on the advisability of calling a constitutional convention, has received seventeen replies. Of the governors favoring the plan, Gov. B. Glenn of North Carolina says something must be done to settle the controversy between the State and Federal courts. Gov. Cummins, of Iowa, favors the plan and suggests the proper method of procedure would be to have a sufficient number of states to ask congress to call such a convention.

Forecast of Borden's Itinerary.

Montreal, Aug. 27—R. L. Borden is to speak in Quebec on August 29th. Three Rivers on the 30th, Valleyfield on August 31st, Montreal on September 3rd and will go to Sherbrooke to attend the exhibition on September 4th, returning to Ottawa on September 6th, to make arrangements for his tour through Ontario.

Correspondence

A PROFESSIONAL BEGGAR.

Editor Bulletin:

It would be well if the attention of the city officials and the Indian Department were drawn to the fact that a certain Indian, Andrew Bear of Stoney Plain Reserve makes a business of begging in the city from door to door. Thousands of dollars are expended yearly by the Indian Department to aid just such individuals and he should not be a burden on the charitable people of the city. It is true that he is in certain ways a cripple but we have provided for him. Also we strongly protest the—shall we say—license to beg which certain church officials grant as the letter he bears testifies. CITIZEN.

Edmonton, Aug. 27th.

From Day to Day

SUPPOSING.

Suppose, dear wife, this day should be
The last on earth for you and me;
That one of us, life's journey done,
Would never see another sun
Arise upon the smiling earth,
Or see another spring day's birth;
Supposing all of this we knew,
But not which one; what should we do?

Now, very soon, for aught we know,
The call may come for one to go.
Then let us live each passing day
As it it were our last to stay;
You do, for me; I'll do for you;
And so we'll pass life's journey through,
And all there is of heaven below
We'll get each moment as we go.

F. Hodgman.

SOCIAL.

Mr. and Mrs. J. J. Anderson were passengers by the Allan liner Virginian which arrived in Montreal last Friday.

Mr. and Mrs. John A. Macdougall are expected home early in November. Their son, Mr. James Macdougall, who has been critically ill at Montreal with typhoid is quite convalescent now.

Mrs. McDonell's many friends will be pleased to learn that she has quite recovered from her recent illness, and has returned from the Misericordia hospital to her residence on Second street.

The marriage of Miss Edith Malone, daughter of Captain A. H. Malone, of Kingston, to Dr. Gilbert Story, of Viking, Alta., a graduate of Queen's University, Kingston, took place recently, Archdeacon Carey officiating. The bride wore her mother's wedding gown of dove gray silk.

Invitations are out for the marriage on Sept. 3rd, of Miss Alma Monchamp, daughter of Madame Monchamp, to Mr. Dawson W. Elliott, both of Winnipeg.

A quiet wedding took place at the Cathedral of the Holy Trinity, Quebec, last week, when Mrs. Catherine E. Steen of New York, widow of the late Rev. F. J. Steen, vicar of Christ Church cathedral, Montreal, and Mr. Leonard R. Holme, of New York, formerly of Montreal Gazette, were married.

In the parish church of Dorval, followed by a brilliant reception at "Quatre Vents," the country home of Mr. Justice Girouard of the Supreme Court, Ottawa, there took place recently the marriage of his daughter, Miss Mabel Edna Girouard, to Mr. Omer Cote, son of the late Hon. Sir Joseph Cote, clerk of the Privy Council, Rev. Father Phillippe officiating. The bride wore a beautiful gown of white liberty satin with tulle veil, and shower bouquet of roses and lillies of the valley. The bridesmaids were Miss Eleanor Girouard and Miss Jeannine Chapleau of Ottawa. The best man was Mr. Gladwyn McDougall, Ottawa; the ushers, Mr. Ernest Girouard, Mr. Harold Dawson and Mr. Angus Ramsay, Montreal. After the reception, Mr. and Mrs. Cote left for England, and will reside in Ottawa on their return.

The tea at the golf links on Saturday was a very pleasant one, the delightful weather, inducing many to saunter down to the links, although these are not yet in the best of condition. Mrs. Nightingale and Mrs. Braithwaite were the hostesses of the day.

Mrs. Hislop was the hostess at a bright little tea last Saturday, given in honor of her guest, Miss Adams, of Winnipeg. Mrs. Hislop was daintily gowned in white, with white guipure blouse, Miss Adams wearing a black silk glace with white lawn bodice.

The guests were received in the cosy sitting room of Mrs. Hislop's new home on Fourth street. In the tea room Mrs. Charlesworth and Mrs. McMahon presided. Among the guests were Mrs. Williamson Taylor, Mrs. Almon, Mrs. Cantley, Mrs. Forin, Miss Rose Taylor, Miss Gaisgne, Mrs. Gray, Mrs. Griesbach, Miss Stewart.

At her cosy apartments in the Norwood Block yesterday afternoon, Mrs. Williamson Taylor entertained a few friends at an informal and pleasant tea. She was assisted in receiving her guests by Miss Rose Taylor, who was becomingly gowned in a dark blue voile house-dress. The guests included Mrs. Dawson, Mrs. Cross, Mrs. Carey (Kingston), Mrs. MacFarland, Mrs. Hislop, Miss Adams (Winnipeg), Mrs. Irving, Mrs. Charlesworth, Mrs. Somerville, Miss Forsythe and the Misses Shibley.

Mrs. Harcourt has returned with her two children from a pleasant holiday trip at Gull Lake.

Mrs. Alex. May, Mackay avenue, has returned with her family from their summer cottage at Gull Lake, where they spent the summer. Mrs. May will receive on Friday of this week instead of the second Friday in September, her sister-in-law, Mrs. McLure, receiving with her.

Announcement.

Mrs. J. M. Maguire will receive for the first time since her marriage on the first Friday in September and afterwards on the first Friday of each month at her home, 344 Sixteenth street.

A WRITER AT HOME.

Ellen Glasgow is writing a novel in which all the scenes are laid in her native state of Virginia. In this respect it is different from her latest book, in which she took a flyer in New York life.

Miss Glasgow probably lives one of the simplest lives of any of the successful American women writers. Her home is in the old Glasgow mansion on Main street, in Richmond, Virginia, which is like the traditional Southern home of song and story, where the proverbial Southern hospitality is dispensed. It is big, stately and white, and there are imposing pillars in front. In the rear is a pretty garden where, under fragrant magnolias, the novelist walks and plans.

She works in the morning, walks or takes a horseback ride in the afternoon, and works again at night. She cares little for social life. When she reads, she takes up books like Spinoza, Maeterlinck or Hardy.

She writes all her stories in ink, by hand, and revises them very carefully. When she writes, she locks herself up in a room. She says she can't write unless the door of the apartment in which she works is locked.

High Time.

"I trust your honor will excuse me this time," said the habitual drunkard at the police court; "it is my misfortune to am a child of grief."

"And what is your age?" asked the magistrate.

"Forty-two years."

"Then it is time you were weaned. You'll have to do fourteen days away from the bottle."

A WORD OF WARNING.

A most injurious habit, common alike to men and women, is that of sitting with one leg swung over the knee of the other, says a recent writer. Headaches, cold feet, varicose veins, ulcers, and many other discomforts attendant on an imperfect circulation of the blood are directly traceable to this habit.

When the right leg is swung over the left knee the whole weight is sustained by this knee, placing all the pressure against the under part of the right leg between the calf and the knee-cap. At this very place are a great number of large veins, arteries and nerves; the pressure on them crowds all the tissues together and materially interferes with the circulation of the blood, and the disturbance of natures' processes manifests itself in many bodily evils and inconveniences. Many who would not be guilty of crossing the legs in public often surrender to the temporary comfort of the position in the seclusion of their own rooms. It is wrong and injurious because it defies nature, whose laws are more imperative than those of society.

JAPANESE IN AMERICA HAPPY

And High Japanese Official is Delighted Thereat—Japan Wants to be Friendly.

Los Angeles, Aug. 27.—Kibujuiri Ishii, director of the department of commerce of Japan, arrived in Los Angeles to-day. In an interview he said:

"I find that a great change has come over the Japanese who have left their land for America, and especially those in California. They seem to become imbued with the American spirit of progress, and are all very happy. Surroundings and conditions here are much better than in any other place I have visited so far. Of the 17,000 Japanese in and about Los Angeles, I have not found a single case of want."

Japan is Friendly.

"When questioned as to the possibility of hostilities between the United States and Japan, Mr. Ishii smiled and said: "Japan would not fight America under any circumstances. The people of this country have done so much for our nation, that it is an absolute absurdity to imagine anything of the kind. It is what you call a joke."

Defence Against Powers.

Speaking of conditions in the Philippine islands, he continued: "The greatest aid for Japan against foreign powers at this time is the ownership of the Philippine islands by the United States. Korea and Manchuria are fully adequate to care for our rapidly increasing population, some 800,000 people immigrating to those countries each year."

Mr. Ishii was tendered a banquet by prominent citizens of this city.

JUDICIAL DISTRICT OF EDMONTON

IN THE ESTATE OF THOMAS ALGERNON HENRY STEPHEN DECEASED.

NOTICE IS HEREBY GIVEN pursuant to the order of the Honorable Mr Justice Harvey, made herein on the 21st day of August, 1907, that all creditors and others having claims against the estate of the said Thomas Algernon Henry Stephen, who died on or about the 21st day of July, 1907, to send to Messrs. Short, Cross & Biggar, of the City of Edmonton in the Province of Alberta, advocates for the Executors of the Will of the said deceased, their christian and surnames, addresses and descriptions, the full particulars of their claims, the statement of their accounts and the nature of their securities, if any, held by them, duly verified by statutory declaration.

AND FURTHER TAKE NOTICE that after the last mentioned date, the executors will proceed to distribute the assets of the said deceased among the parties entitled thereto, having regard only to the claims of which they shall then have notice, and that the said executors will not be liable for the assets or any part thereof to any person or persons of whose claims notice shall not then have been received by them or their advocates aforesaid, at the time of such distribution.

Dated at Edmonton this 21st day if August, 1907.

SHORT, CROSS & BIGGAR,
Merchants Bank Building, Edmonton, Alberta.
Advocates for the Administrator.

SIT ON ANY LUMBER

proposition that is not definite. Don't buy stuff that you don't know all about.

THE RIGHT WAY TO BUY

is to come to a yard where you are sure of "a square deal all round." If you come here that's what you'll get, as any number of people can tell you from experience. We don't calculate you are going to buy lumber once in your lifetime. So we treat you in a manner that will bring you here whenever you need more.

TUESDAY, AUGUST 27, 1907.

WAS THE INQUIRY JOBBED?

The Winnipeg Tribune is not satisfied with the manner in which the investigation into the alleged beef combine was conducted in Winnipeg and in the course of a criticism says—

"The Tribune can only abide by its former statements, that throughout this investigation, in Winnipeg, Mr. Haggart has examined no abattoir witness in a manner that was likely to cause the abattoirs any embarrassment, that, up to the present, nothing has been drawn from these witnesses that would tend to prove the existence of the alleged trust—and that the examination conducted by Mr. Haggart is referred to in the streets as a farce."

The press reports during the progress of the hearing indicated that the Winnipeg sessions were phenomenally unproductive of evidence damaging to the cause of those whose conduct was under examination. The impression of the inquiry there was the more conspicuous and the more perplexing because the evidence produced at the Alberta sessions had warranted an expectation that something interesting would happen when the Commission began digging into things at headquarters. The expectation was disappointed however and at the close of the Winnipeg sittings there was little if any additional proof before the Commission that a combine existed. This unfruitfulness the Tribune believes was not because there was nothing to be found out, but because it was not desired to find it, and because the examination of witnesses was conducted in such manner as to avoid finding it.

This is a matter of grave public concern and of quite as vital importance to the people of Alberta as to those of Manitoba. Winnipeg is the centre for the beef trade of the entire west and if there is a beef combine its headquarters must be in that city. The enormous profits of trade in Winnipeg determine directly or indirectly the price which the rancher and farmer of Alberta receives for his best beef cattle and if those conditions are determined by a combine among the cattle dealers, the farmer and rancher of Alberta feels the pinch quite as severely as the stock-grower of Manitoba. Presumably, too, the best place to locate a combine if such exist, should be at its headquarters and from its principals rather than far out among its victims. For these reasons the whole public interest in the inquiry hinged on the sessions in Winnipeg. If the inquiry there revealed a combine the case was established; if not, the evidence obtained elsewhere could scarcely be expected to be conclusive. If, as the Tribune alleges, the inquiry in Winnipeg broke down or failed in any material degree because the examining counsel did not do his duty the consequences of the jobbery will fall on the Alberta beef producer quite as heavily as on his Manitoba contemporary.

A bit of corroborative evidence that such may have been the case is the fact that when the Alberta sessions were concluded the services of Mr. P. J. Nolan, of Calgary, who had conducted the examinations in this province were dispensed with and Mr. Haggart of Winnipeg was appointed examining counsel for the Manitoba inquiry. The authority of the Alberta government of course ceased at the provincial boundary, the Dominion Commissioner then became chairman and the control of the Commission passed into the hands of the Manitoba authorities. Just why the Roblin government replaced Mr. Nolan it is difficult to understand, except on the assumption that they desired an examiner who was less likely to discover unpalatable facts. Mr. Nolan's conduct of the inquiry in Alberta left nothing to be desired or disclosed and gave promise of some interesting moments for the cattle kings when he got them in hand. But when the authority of the Alberta Government ceased Mr. Nolan was switched off the scent and Mr. Haggart took up the chase. From the results the Tribune gathers that this gentleman was governed by no uncontrollable desire to reveal the inner workings of the meat business. If his lack of curiosity was the result of official interference or instruction it is the most shameful job ever perpetrated on the farmers and ranchers of this country.

THE SOLICITOR TALKS.

The senatorial solicitor of the Canadian Pacific railway was the orator-in-chief at a Conservative picnic at Leduc a few days ago. Naturally Senator Lougheed devoted his oratory largely to the Grand Trunk Pacific and used up considerable vivid language in picturing that project as the most outrageous bargain ever made. Naturally, too, the Senator did not get up to details and compare that bargain item for item with the bargain his friends made with the Canadian Pacific railway some years ago, in this the Senator was wise. Comparisons would have got him into trouble. Had he made the comparison honestly he would have torn his case to shreds; had he made it dishonestly he would have insulted the intelligence of his hearers who unlike himself were not on the pay roll of the Canadian Pacific. Instead, he resurrected the lifeless fabrication that "Conservatives fought for a Government road from coast to coast." The performance will deceive nobody. Mr. Borden and his followers came no nearer pledging themselves to a government owned railway than their Alberta machine came to divorcing itself from the Canadian Pacific railway. How near that was may be gathered from the spectacle of the Canadian Pacific providing orators for the party picnics.

THE ENEMY'S TRIBUTE.

An exchange published in a North Dakota town adds its testimony to the energetic immigration work of the Edmonton Board of Trade, though of course unintentionally. The article in part follows:—

"The chamber of commerce of Edmonton, Alberta, is flooding this section with profusely illustrated advertising matter, setting up the resources and opportunities of that city. While Edmonton may be a very good place, we see nothing in their circulars that equals the wonderful resources growth and development to be found right here in North Dakota. With all its wonderful "boom" and inflated enterprises, Edmonton does not compare with either Grand Forks or Fargo as a city, neither do the numerous landscape views of mountainous scenery compare with the broad and fertile fields of this state. But at the same time we cannot blame them for "fishing for suckers' in North Dakota, where each one is worth from $2,500 to $5,000. If it was merely settlers they wanted they would not work the North Dakota market so hard, but the fact is apparent that Dakota 'fish' is the best of all to these westerners, who talk so much about their 'hills,' and 'golden sunsets.'"

What better proof could be desired that the Board is doing effective work? The Dakota exchange would have no ground for complaint if Dakotans were not showing an awakening interest in Alberta. It would not appeal if it was not afraid of being hit.

ALLEGED STRINGENCY IN MONEY

Toronto Star.)

The general impression that there is a stringency in the money market is not altogether borne out by the bank statements for July. There is a decrease of $9,767,550 in call loans in Canada, and a decrease of $10,696,381 in current loans outside of Canada. But the call loans outside of Canada have increased by $6,347,886, and the current loans in Canada show the very large increase of $80,394,099. Thus, on the whole, the loans show an increase of more than $86,000,000, and the loans in Canada of some $70,000,000. The deposits in Canada show a gain of $45,365,000, and the outside deposits a gain of $7,594,577. The total deposits in Canada and in the post office and government savings banks reach the total of $700,000,000.

On the face of these figures there seems to have been nothing more than a tightening up of the bankers' purse strings in dealing with brokers and speculators in stocks. This of itself would be no great evil. It is the natural reaction following a period of vigorous speculation. Yet it is a fact, notwithstanding these figures, that merchants and others and manufacturers engaged in legitimate enterprises do find it harder to raise money, and the increase of half a cent in the bank rate is a hard fact which no statistics can alter. Everybody who asks for money is told that money is scarce, and if it is scarce for him, the sight of large sums of money in the government returns is tantalizing rather than consoling.

When the bankers are charged with lending money to New York brokers more freely than to Canadian brokers they say that the foreign call loans are more promptly paid. If that is true, there is not much ground of complaint on that score. In any case, the matter is of less importance than the attitude of the banks toward regular commercial and industrial enterprise. But why, when there is no real scarcity of money, should the rate be increased upon loans for legitimate business? Why should the merchant or manufacturer be made to suffer for the sins of the speculator?

CANADIAN AGENTS' REPORT.

In Reference to Foreign Trade With Japan and Manchester.

Ottawa, Aug. 27.—Alexander McLean, Canadian trade agent in Japan, reports that Japanese exports to Canada for the six months ending July 15, amounted to 1,138,479 yen, as compared with 991,883 yen in 1906. The imports, which consist chiefly of flour, were valued for the same period at 85,215 yen, as compared with 197,425 yen in 1906. A yen is about fifty cents of Canadian money. Mr. P. B. MacNamara, Canadian trade agent at Manchester, reports that British imports for seven months of the year ending with July increased by £31,498,370, over the same period in 1906, while exports increased by £32,733,322.

DEPOSITS OF IRON ORE VAST

A.P. Low Says B.C. Offers Opportunity for a Great Industry.

Vancouver, Aug. 27—That British Columbia contains all the potentialities of a vast iron and steel industry and that consequently such an industry must inevitably develop on this coast, is the opinion of Mr. A. P. Lowe, deputy minister of mines and director at Ottawa of the Dominion Geological survey, a gentleman whose opinion on such a subject is one of the weightiest.

At the present time there are 38 different parties throughout the Dominion gathering data for the next annual report," said Mr. Lowe. "There are six separate parties alone in British Columbia who have specific instructions to enquire into the possibilities of steel and iron industries for the coast.

At the present time these parties now out are doing field work in the Similkameen district, Texada island, Vancouver inland and in the Yukon and special attention is devoted to the iron deposits on Vancouver island. From the reports which have been received, Mr. Lowe is more than enthusiastic over the probable establishment of a plant, in the near future for the manufacturing of steel and iron on the coast. He has himself visited the investigation camps at Edmonton and Calgary.

"I expect to return to the east," said Mr. Lowe, "by way of the Crow's Nest Pass, but today I am going over to Victoria with Hon. Wm. Templeman, and from there will go directly to the east to make my report which must certainly be favorable."

Montreal Firm Assigns.

Montreal, Aug. 27.—James B. Jarvis has filed an assignment of his individual property as well as his interest in the firm of J. B. Jarvis & Co., properties of the Standard Stock exchange. The liabilities of the firm, according to this statement, amount to $3,957, while Mr. Jarvis' personal liabilities amount to $139. The demand made upon the firm composed of James B. Jarvis and C. W. Munroe, was entered by Frank E. Daggett, who is entered in the assignment as a creditor to the extent of $1,000 on a cheque while Mr. F. W. Boschen is set down as a creditor to the extent of $12,000 on an open account.

BORN.

FOOTE—To Mr. and Mrs. R. E. Foote, Aug. 26, 248 Sixth street, a daughter.

DIED.

FOOTE—On Aug. 27th, Marion, the infant daughter of Mr. and Mrs. R. E. Foote.

AUCTION
on
Saturday, Aug. 31st
1907, at 3.30 o'clock.
Sale to Take Place at the
CHINA HALL
Facing the Market on Queen's Ave.
At this Sale we shall offer
VERY VALUABLE CITY PROPERTY
Consisting of Fine Business Sites, Good Central Residences, Houses Close in and Valuable Lots.

Lot 1.—All that very desirable plot of land known as Lot 24, Block 12, on the Santa Ross Estate, situated only one and a half blocks from the new Packing Plant, facing Norton street, frontage of about 33 feet and a depth of 120 feet. Terms of purchase will be 1-3 cash down and the balance in equal parts at 6 and 12 months at 8 per cent. interest.

Lot 2—Same as above, known as Lot 25, Block 13, adjoining above.

Lot 3.—All that fine parcel of land known as Lot 6, Block 25, on the Norwood Estate, together with a 2-room shack 12 x 14, lathed and ready for plastering, and cellar 5 feet deep, 10 x 14, the lot being 33 x 120 feet. Terms half cash down, balance 3 and 6 months at 8 per cent. interest.

Lot 4.—All that very desirable residential double lot known as Lots 41 and 45, Block 6, River Lot 12, together with a 2-story 6-room house, No. 558 Elizabeth street, built on stone foundations and finished throughout with B. C. Fir and Cedar, plastered, wired and fitted with electric light. There is a 5-ft cellar, lined and floored, a good well of pure water 55 feet deep, fitted with pump complete. Laundry at rear, 8 x 14 feet. Shack 8 x 20 feet, lathed and plastered, also nice lawn and garden. Terms: $1,500 cash down, $500 in two months, balance to suit purchaser.

Lot 5.—All that very valuable parcel of building land situate and adjoining the Pendennis Hotel, having a very fine frontage of 165 feet 11 inches on Jasper Avenue, known as Schedule A, commencing at S. W. corner of said lots 38, thence north-westerly along the northerly boundary of the division of Jasper Avenue, to a point in said lot 40 feet distant in the said line produced 5 ft. 8 1-2 inches from easterly boundary of said lot 40, thence at right angles in a N.W. direction to the Northern boundary of said lot 40, thence westerly along the northern boundaries of lots 40, 39 and 38, to the N.W corner of said lot 38, thence southerly along the said lot 39 to place of beginning. The whole forming one of the very finest propositions in the city for a building of any kind. There are extensive views for many miles along the river and valley of the Saskatchewan. Terms, 1-4 cash down, 1-4 in 3 months, balance 6, 12 and 18 months, at 8 per cent. interest.

Lot 6.—All that desirable acre plot of fine garden or farm land, known as Lot 39, Block 39, North Jasper Place, deep rich soil all plowed ready for use. Terms cash.

Lot 7.—All that highly important corner lot o fland having 70 feet frontage on Queen's Avenue and 70 feet frontage on Elizabeth street, known as Lot 29 and 30, Block 4, River Lot 10, together with 6-room frame built house erected thereon. This is a magnificent site for a good central city wholesale or retail block of buildings, which is daily increasing in value and is a real good snap at any price. If the purchaser of this lot does not require the house erected on the site, the owner will make a reduction of $700 in purchase price and remove the house from the lot. Terms: 1-3 cash down, 1-3 Jan. 1st, 1908, and balance Jan. 1st, 1909 at 8 per cent. interest.

Lot 8.—All that valuable business block of premises known as the China Hall, directly facing the Market and having a frontage of 33 feet on Queen's Avenue together with lean-to shed at rear of hall, and the saddlery and harness store adjoining in the occupation of Mr. Higgins at a monthly rental of $40, and all out-houses on the side. Terms: 1-6 cash down, 1-6 Nov. 1st, 1907, 1-3 May 29th, 1908, balance May 29th, 1909, at 8 per cent. interest. This is a magnificent site for a public hall, restaurant or stores, which is bound to increase in value as the city grows.

Lot 9.—All that parcel of land known as Lot 3, Block 3, Fairview Estate. Terms: 1-3 cash down; 1-3 in two months balance in three months at 8 per cent. interest.

Lot 11.—All that desirable lot of land known as Lot 20, Block 2, Namayo Ave. Norwood Estate, only two lots from Pine Avenue, 33 x 150 feet. Terms, $300 cash down, balance 12 months at 8 per cent. A good site for a general store.

Lot 12.—All that parcel of land known as Lot 29, Block 28, Carey street, Norwood Estate. This lot is the fourth lot off Pine Avenue and is a good business proposition. Terms: cash down.

Lot 13.—A 6-room frame house standing between 14th and 15th streets on lane at the top of the hill. The house only for sale.

Lot 14.—All that desirable and pleasantly situated lots, known as Lot 3, Blk. 2, River Lots 16 and 18, 640 Alberta ave., and 5-roomed frame dwelling house, substantially built, on brick foundation, finished inside with double lumber lining and papered throughout or calsomined, canvas; together with out-houses thereon and cement cellar 12 x 12, 7 feet deep. Terms 1-4 cash, $500 in two months, balance 6 and 12 months at 8 per cent.

IF ANY DISPUTE ARISES BETWEEN TWO BIDDERS AS TO PURCHASE OF ANY LOT, THE LOT SHALL BE PUT UP AGAIN.

At least 20 per cent. of the purchase money must be paid as deposit at the time of sale.

Any property not sold may be treated for privately at the City Realty Co's offices. Further particulars can be had from the Auctioneers, The City Realty Co's office, 127 Queen's avenue, Edmonton.

The Auctioneers are intending to hold a further sale of valuable real estate property on Saturday, Sept. 7th. All persons desirous of listing their property for this sale should do so at once.

The City Realty Co., Real Estate Auctioneers, intend holding regular fortnightly sales of Real Estate and Farm Lands.

Cards to view any of the above lots on application to the Auctioneer.

THE CITY COUNCIL

Edmonton's Tax Rate Fixed at 13 1-3 Mills, 10 1-2 of Which Is For Municipal Purposes—W. L. Hall Submits Charges of Irregularities Against Returning Officer Helliwell in Monday's Bye-Election—Alderman Manuel Takes His Seat—Petition from Norwood Residents Against Houses of Ill Fame.

The report of the city commissioners presenting the estimates for the year and recommending the fixing of the rate of taxation at 13 1-3 mills for 1907 was approved by the city council at the regular meeting held on Tuesday night. Of this rate 10 1-2 mills is for municipal purposes, the remaining 2 5-6 mills being the school tax. The total assessment of the city is $21,920,730. The total estimated general expenditure is $219,329.94. The amount required for sinking fund and interest on the various debentures bylaws is $53,764.92. The estimated receipts other than taxes is $34,176.29. By substracting this amount from the total of the estimated general expenditure and the amount required for sinking fund and interest on debentures the amount to be raised by taxation for municipal purposes is found to be $231,918.17.

The report of the commissioners is as follows:

Total Expenditure to 31st July, 1907.

Finance	$25,463.38
City hall	1,527.68
Engineer's office	8,366.50
Coal mine development	3,214.53
Interest	4,369.82
Fire department	14,174.64

Pound department	62.00
Public works	24,802.09
Sanitation and relief	28,883.31
	$116,444.59
Salaries for balance of year (6 months)	27,000.00
Coal mine development	684.35
Interest	15,000.00
Balance Board of Trade grant	3,000.00
Exhibition, 1907	1,000.00
Grants to hospitals	2,000.00
Receptions and entertainments	500.00
Election expenses	500.00
Finance expenditure	1,000.00
City hall and engineer's office	500.00
Fire department	1,000.00
Police department	3,500.00
Market and pound dept.	450.00
Street and lane crossings	3,000.00
Street repairs	2,000.00
Sewer maintenance	1,000.00
Sanitation and relief	18,000.00
Remissions and corrections	1,000.00
Discount and taxes	15,000.00
	$212,329.94
Less estimated revenue other than taxes:—	
Revenue balance	$ 7,476.29
Rents	25.00
Market fees	2,300.00
Police court fines	3,000.00
Licenses	20,900.00
Dog taxes	375.00
Poll taxes	1,000.00
	$ 34,176.29
	$178,153.25
Debenture Debt.	
Amount required for sinking fund and interest	53,764.92
	$231,918.17

10 1-2 mills on $21,920,730 . . $230,167.67

Edmonton Protestant school district No. 7—

Demand	$ 50,000.00
Add 1-9	5,555.55

Demand	$ 5,750.00
Add 1-9	638.89
	$6,388.89
2 5-6 mills on $2,200,482	$ 6,234.76
Total estimated rate for tax levy	13 1-3
Municipal debenture rate	10 1-2
School rate	2 5-6
	13 1-3

We would recommend the levying of a special water rate of 1 mill on the dollar on all properties abutting on water mains in accordance with the provisions of the charter in this connection.

Little Discussion of Estimates.

The estimates were passed almost without comment. The only item which formed a subject for discussion was that referring to the immense cost to the city of its scavenging department. This gave rise to an argument on municipal ownership. Ald. Manson declared that the city would be compelled to pay much more for this work as long as it undertook to conduct the department as a municipal undertaking. He said that it would cost considerably less were it given to a contractor. Ald. Walker contended that the city should be able to administer the department as economically as a contractor could do it.

"Perhaps it ought to," said Ald. Manson, "but it doesn't, and the reason is that men employed by the city do about half as much work in a day as a man employed by a contractor. It is not difficult to tell what gangs are city gangs and what are contractors' gangs when you have observed them working."

Ald. Walker persisted that with capable officials the work should be done as cheaply by the city as under contract. If the officials were not competent it was up to the commissioners to notify the council and the council would then fire the officials and secure others who would be capable of running the department at the minimum of cost.

Ald. Manuel Introduced.

Returning Officer Helliwell presented the official figures in the by-election on Monday in which Geo. M. Manuel was elected over Jas. F. Blayney, by a majority of 112. The returning officer also formally announced the defeat of the Edmonton Produce company's exemption bylaw. When the return was received Mr. Manuel was introduced to the council and assumed the seat vacated by ex-Ald. Macaulay. Several of the spectators applauded.

Solicitor's Opinion on Bylaw.

City Solicitor Beck, to whom the question of whether it required a mere majority or a two-thirds majority to pass the Edmonton Produce company's exemption bylaw, submitted the opinion that while the clause in the charter was not as clear as it should be, he considered there was no ambiguity, and declared it as his opinion that the bylaw did not secure the required majority. He pointed out that if there still remained in the minds of any one a doubt on this score, it might be relieved by the council passing the bylaw and action then being taken to quash it.

The cause giving rise to the necessity for securing the city solicitor's opinion on the point, was the contention that the application of the two-thirds majority did not come into effect until after January 1st, 1909.

The suggestion of the solicitor to the effect that a judicial decision be secured upon the question as to the interpretation of the charter on the point, was discussed, but it was decided to lay the matter on the table.

Irregularity Charges.

W. L. Hall, scrutineer for Jas. F. Blayney, the defeated aldermanic candidate, made good his statement to the effect that he would appeal to the council for an investigation of alleged irregularities on the part of H. Helliwell, returning officer.

The charges enumerated by Mr. Hall against Returning Officer Helliwell were:—

1—He permitted A. E. Robson to vote twice for alderman, once on his own registration, and once on the registration of W. H. Clark & Co., Ltd.

2—He permitted another man to vote twice for alderman, once for himself and once for the Mechanics Construction Co.

3—A man presented himself who desired to vote on the registration of Joseph Ullman, claiming he had Ullman's consent. He admitted he was not Joseph Ullman but nevertheless was allowed to vote on Joseph Ullman's registration.

I was the agent, duly sworn, of one of the candidates and in each of the above cases I strongly protested against the said parties voting in the manner aforesaid, but was peremptorily over-ruled by Mr. Helliwell.

I believe Mr. Helliwell permitted these acts, knowing them to be it legal, and I respectfully request a full investigation of his conduct on the occasion referred to.

Commissioners Didn't Want It.

Ald. Picard wanted the letter referred to the commissioners for report, but the mayor sidestepped, declaring that it was not a question for the commission to deal with. Ald. Gariepy considered it a question for the civil courts to decide.

"It's a charge of corrupt practices, isn't it?" asked Ald. Walker.

"Yes," replied the mayor.

"Then what does the charter provide in such a case?"

City Solicitor Beck was asked for his opinion. He consulted the charter and submitted the opinion that it was not a question for the council to deal with, but for the candidate or some citizen to lay a charge against the returning officer for corrupt practices, and action by consolidation of the section. With this opinion before them the council immediately filed the letter and the matter was dropped insofar as the council was concerned.

No Houses Exist, Says Mayor.

A largely signed petition from the residents of Norwood protesting against the tacit permission granted the houses of ill fame to conduct their business within the city, was presented, asking for their elimination.

The petition read as follows:—

First: To the undisputed fact that certain houses of ill-fame exist in the north-eastern part of this city, otherwise known as Norwood.

Second: To the fact that these houses are detrimental to the moral and financial interests of this city because—

(a) Their existence in this locality depreciates the value of all nearby property.

(b) The inhabitants of Norwood and other northern portions of the city are disturbed nightly by the shouting, profane language and furious driving of the frequenters of these resorts.

(c) The private householders are very often molested by the visits of these frequenters (numerous instances of which can be cited by the people).

(d) The existence of this evil is a common knowledge to the school children of the district.

Also, we call your attention to an editorial which appears in the Edmonton Bulletin of Saturday, August 10th, and similar articles in the other papers in which sentiments are expressed to which we heartily agree.

Wherefore, for these and many other reasons, we do hereby request that immediate action be taken by your esteemed body to remove these aforesaid houses from this community.

Chased Out Recently.

The Mayor announced that there were no houses of ill-fame in operation within the city limits at present.

"Then this petition is not well grounded," said Alderman Gariepy, "and the petitioners should be so informed."

The Mayor thereupon stated that it was only within the last few days that they had been closed. Questioned further, he admitted the commissioners could not say the evil was permanently wiped out. There was the possibility of some of the inmates taking rooms in the city. It was the policy of the commissioners was to grapple with the evil in whatever form it presented itself. With this assurance from the commissioners, namely, that there were now no houses of ill-fame within the city limits, the petition was filed.

Alderman Manuel Speaks.

Alderman Manuel made his maiden speech on this subject. He said he believed it was not so much a matter of keeping them out, but handling them. Other cities had devised methods of suppressing the evil.

"I know," he said, "they are a great source of complaint to the people living in the vicinity in which they are located. My support will be given to any method of suppressing them."

The Communications.

Messrs. Mitchell and Reid complained to suffering great inconvenience from not having a platform large enough for the vicinity of their property at Rice street and Jasper avenue. It was stated the city did not hold these plan. rms, but granted permission to property owners to do so. Messrs. Mitchell and Reid will be so advised.

A. E. Miller offered $10 for the old stable on Grierson street, at one time used by the R.N.W.M.P. The offer was referred to the commissioners.

W. W. Sanderson, Stratford, Ont., wrote asking what inducements the city would offer him to locate a clothing manufactory here. The letter stated he had $15,000 to invest. The communication was referred to the new industries committee.

H. H. Hall, representing the Baptist Sunday school, asked permission to use the agricultural park for purposes of a picnic on Saturday, September 7th. The request was granted.

Alderman Daly made a request for the use of the exhibition hall, in which grain samples being collected for exhibition purposes might be placed. The request was granted.

The C.P.R. Entrance.

Where the city is at in connection with the C.P.R.'s entrance to the city is not known to the general public. There is on the part of the city council a persistent refusal to divulge the position of affairs on the subject. This attitude is assumed by the council in what is considered to be the best interests of the city. A committee, composed of Aldermen Picard, Manuel and Manson, was named to take up the matter energetically, and attempt to reach a solution.

Check on Hospital Patients.

An account from the Edmonton General Hospital for $743.25 for the city's share of the cost of treating the non-paying patients in that institution during January 1st to July 31st was under discussion. It was pointed out that there was no method whereby a check could be kept on the non-paying patients in the hospital except through the city medical health officer. It was decided that he should be instructed to keep careful check upon all patients entered in the hospital as non-paying patients and toward whose maintenance the city pays 25 cents per days.

An agreement between the city and the provincial government, providing for the grading of Sixth street down to the site of the new parliament buildings and for the installation of sewer and waterworks connections, was read and approved. This work will be done by the government, the city agreeing to refund the amount expended when the frontage tax for the improvements is collected from the properties benefitted thereby.

No System at All.

Alderman Picard drew attention to a complaint he had received in connection with the turning off of a water service for non-payment of water rates. In this particular instance the citizen affected had paid the rates but there was a long delay in again turning on the water. He declared that there was no system in connection with the collection of water rates. He said that he himself had not yet paid for his last year's water. He had never been billed for it, although he had several times asked that the account be sent in to him.

The Mayor stated that he knew there was no system, but that one which would be satisfactory was being evolved. The same conditions applied to the electric light department. In this department there was delay in sending out the accounts, and as a result the city was in a position to lose by it. This also the mayor promised would be remedied.

Accounts For the Week.

Another big grist of accounts was submitted and passed amounting to $93,260.92. The items were as follows:

Alberta Hotel Co.	$ 40.50
Alberta Lumber Co.	114.00
Alborta Livery Co.	33.00
Nurse Andrews	43.00
Alberta Nurseries	661.40

W. H. Harvey & Co.	998.88
	$93,260.92

Company Damages; City Pays.

Alderman Walker asked in reference to the account for $44.94 for broken hydrauntz. He was informed that these hydrauntz were broken by the operations of the Canadian White Company in installing sewers, but that the city paid the piper in the first instance rather than charge up the company for the cost of the damage, for the company would then include this in the cost of the sewer, and would make the city pay the actual cost of repairing the damage plus 10 per cent., the percentage basis upon which the company is doing the sewer construction work.

C.P.R. POLICEMAN ACCEPTED BRIBE

From Man Whom he Arrested—Is Himself Now in Jail—News From Calgary.

Bulletin Special.

Calgary, Aug. 28.—John Woods, a C. P. R. policeman, was arrested today, and lodged in the guardroom of the barracks on a charge of stealing. It appears that the other night Woods arrested two young men at the station for being disorderly, and started to take them to the police station, but on the way he was offered $5, which he accepted and turned them loose. Upon their release they immediately complained to the city police, and endeavored to get their $5 back again, and the case was reported to the C. P. R., with the result that Woods is now in jail awaiting his trial.

Crops are ripening in great shape, and the yield will undoubtedly be a record one. By the end of the week there will be, at a conservative estimate given by experts, over 250,000 acres cut, which will average over 30 bushels to the acre.

Arthur Burns, Calgary's famous long distance runner, has signified his intention of going to Vancouver on Labor Day to take part in the large field day sports. Burns will run in the mile, the three mile, and the ten mile events. He has been in active training for some time, and will make a great showing in the events, though the mile and three miles are rather short distances for him. He will probably be accompanied by his trainer, Jas. McEwen, and will run under the colors of the Young Men's Club.

At Strathmore, a small town thirty miles east of Calgary on the C. P. R., an unknown man committed suicide by jumping from a trestle into Eagle Lake. Our section hands were walking along the track in the direction of the trestle, when they saw the man leap into the lake. Two of them dived repeatedly, but could not recover the body, and giving up the attempt they hurried back to Strathmore, some four miles distant, and the mounted police at Calgary were notified. A thorough search of the man's clothes, which were found beside the track, failed to reveal anything which would lead to his identification, and it is very doubtful that the body will be recovered, as at the bottom of the lake is about ten feet of mud and slime.

BODE'S GUM
Will Not Decay the Teeth

WINDSOR SALT is made in Canada. Costs no more than the cheap imported salt — and is much more economical because it is pure. Get WINDSOR.

NO FROST IN THE NORTH COUNTRY

Father Husson Says Crops in Peace River and Lesser Slave Districts are Fine.

Bulletin Special.

Athabasca Landing, Aug 28—Father Husson arrived here yesterday from Lesser Slave Lake and reports crops in the north first class. He says that when he left Peace River on August 16th crops were a week to 10 days out, were ripe and ready to cut. The estimated yield per acre would be almost 70 bushels. The wheat crop was also good and would be ready to cut in about a week's time if the weather was favorable. The crops at Lesser Slave Lake were also well advanced. The wheat around the Mission was all ripe and would yield about 55 to 60 bushels per acre. There was no sign of frost in the air when he left Lesser Slave Lake on the 23rd inst.

HEAVIEST RAIN IN A YEAR.

Clouds rolling up on Saturday night presaged the downpour of rain on Sunday. At the Meteorological station 1.58 inches of rainfall has been entered as the official record of this downpour. This is the heaviest fall of rain in 24 hours that Edmonton has known in many months, in fact since July 8th of last year when 1.58 inches also fell. So general is the interest in the unusual amount of rain falling on Sunday that the Bulletin made special enquiries at the Meteorological Station concerning it, together with a request for observations on the heaviest rainfall in previous years. The demand entailed considerable work but was courteously acceded to, and the following interesting table is the result:

Rainfall:

August 28, 1907, ...	1.58 inches.
July 5, 1906, ...	1.58 inches.
May 23, 1885, ...	1.59 inches.
January 31, 1885, ...	1.60 inches.
July 3, 1891, ...	2.21 inches.
May 31, 1902, ...	2.27 inches.

This fall 2.27 inches is the heaviest rainfall ever recorded in Edmonton district. It is also interesting to note that in the month of May that year—1902—7.37 inches of rain fell. This amount is almost double the usual monthly rainfall.

CHICAGO GRAIN MARKET.

Chicago, Aug. 27.—Realizing sales and buying increases in local stocks caused an easy close in the wheat market to-day. On the final quotations September was down one cent. Corn and oats were each 3-8c lower. Provisions were ten to fifteen cents lower. The wheat market was nervous and full of quick and irregular fluctuations. The market broke sharply late in the day on realising sales and because of large receipts here to the local stocks. The strength of yesterday's market manifested in the German cable reports, were missing to-day and Berlin wheat reached 1-2c and this affected the local market. Prices in general, however, held well considering the amount of wheat that was sold for profits. Only about 1-2 of yesterday's advance was lost at any time, and the market was well supported on every reaction. Encouraging news for the bulls was received from the Canadian northwest, where damage by frost was reported, and the official prediction called for continued cold weather to-night. Prices at Winnipeg were strong during the last few minutes of trading; a large commission house sold grain freely to all of the pits. Many weak holders trailed on, and the result was that all prices were sharply depressed. The close was easy. September wheat opened 3-4c lower at 91 3-8c, sold between 90 5-8 and 92 3-8c, and closed at 90 3-4c. Clearances of wheat and flour were about 32,800 bushels. Primary receipts were 750,000 bushels against 428,000 bushels on the same day last year. Minneapolis, Duluth and Chicago reported receipts of 480 cars, against 612 cars last week, and 214 cars a year ago.

The corn market opened easy because of favorable weather for the crop and selling by shorts and commission houses. Fair outside support was given and a portion of the early loss was recovered. A large amount of long corn was sold on the decline. Country acceptance while fair in quantity were less than had been expected. The shipping trade was fair, but not such as to afford strong support.

September corn opened 1-8 to 1-4c lower at 59 1-2 to 58, sold between 59 7-8 and 60 5-8c and closed at 59 1-8. Local receipts were 256 cars with 50 of contract grade. The oats market was slow. Leading longs sold heavily; the receipts were liberal and the estimate for to-morrow is above the average. Under these influences prices broke sharply.

Rains throughout the west and northwest are expected to delay shipments and threshing, and this stiffened the market somewhat later in the day. September opened 1-4 to 1-2c lower at 34 1-2 to 34 1-4 sold between 50 5-8 to 51 3-4, and closed at 50 7-8. The local market was dull. Receipts were 502 cars. The feature of the provision market was the selling of lard by a local packer; prices were firm early in the day, but weakened later in sympathy with the grain at the close. September pork was fifteen cents lower at $16.02 1-2, lard was down 12 1-2c at $8.05, ribs were 10c lower at $8.75. Estimated receipts for to-morrow: Wheat, 235 cars; corn, 102 cars; 318 hogs; 27,000 head of cattle.

AVAILABLE SUPPLY.

New York, Aug. 27—Special cable and telegraphic communications, received by Bradstreet's show the following changes in the available supply as compared with previous accounts:—

Available supply: Wheat, United States east of Rockies, increase 2,998,000 bushels; Canada, decrease, 392,000; total, United States and Canada, increase, 2,406,600. Afloat for and in Europe, decreased 4,900,000. Total American and European supply decreased 494,000; corn, United States and Canada decreased 324,000; oats, United States and Canada increased 889,000.

The leading increases and decreases follow: Increases, Chicago, private elevators 228,000; Nashville, 215,000; Lincoln and vicinity, 196,000; Louisville, 134,000; Cleveland, 113,000; Portland, Me., 110,000; Rochester, 80,000; Chattanooga, 42,000.

Decreases: Manitoba, 182,000; Omaha, 75,000.

CHICAGO STOCK MARKET.

Chicago, Aug. 27. — Cattle receipts 7,000, market steady but slow; Hogs receipts about 17,000, market best steady; others five to ten cents lower. Sheep receipts about 20,000; market for sheep steady; lambs weak at ten cents lower.

EDMONTON MARKETS.

ELEVATOR PRICES.

Local market still holding steady, receipts small.

Wheat—No. 1 Northern, 65; No. 2 Northern, 62; lower grades 35.

Oats—No. 2 white oats, 27; No. 3 white oats, 25.

Flax—$1.05.

LIVE STOCK.

In the live stock market heavy hogs record a drop of 15c.

Hogs—125 to 250 lbs., $5.25; 250 to 325 lbs., $4.75.

Cattle—Choice export steers, $3.

Sheep—$4.75 to $5.50.

Lambs—$4.50 to $4.55.

EDMONTON PRODUCE MARKET.

Butter—Dairy, in tubs, 17 and 20c. Cheese—New cheese, 20c.

Eggs—Fresh gathered 27c. to 28c.

Flour—Royal Household, $3; White Rose, $2.60; Strong Bakers, $2.40; Graham in 10 lb. sacks, 40c.

Feed stuff—Wheat, chicken feed, 90c. bushel; bran, $1 per sack of 75 lbs.; barley, $1 per cwt.

Hay—Timothy, baled, $22 per ton; upland, $15 to $18.

Fresh Fruit—Fresh fruit shows a steady decline in some lines, due to larger receipts.

FRUIT PRICES.

Oranges, 50 to 70; bananas 40 to 50; apples, 8 1-3c. per lb.; lemons, 50c per dozen; cherries, 40c. per lb.; watermelons, 60, 75, $1; canteloupes, 10 to 15; plums, 75c. basket; peaches, 20c. lb.; apricots, 20c. per lb.; pears, 20c. per lb.; blue berries, 25c. per lb.; thimble berries 15c. per box; saskatoons 15c. per qt.

Vegetables—Turnips, 6c.; cucumbers, 2c. to 20c. each; beans, spring, 5c. to 10c. lb.; potatoes, 50c. lb.; tomatoes, home grown, 25c. lb.; peas, 5c. per lb.

Potatoes—New, $1.15; old potatoes, 50c. per bushel.

FORT SASKATCHEWAN.

Bulletin News Service.

Miss Jessie Walker, teacher of the intermediate grade of the school here, returned on Saturday after spending the vacation with relatives in Toronto and Ottawa.

The stork visited the home of Mr. and Mrs. Warren on Friday and left a little son.

The death occurred this morning of the infant son of Dr. and Mrs. Turner.

Miss Turnbull, of Ottawa, is visiting Mr. and Mrs. Allen, here.

Mr. Robert Riddell, Dominion Government veterinary surgeon, of Calgary, has been here this week on an official visit and found two cases of glanders. The horses were destroy.

Mr. Bradley left on Saturday night for Crane Lake, south of Battleford, where he expects to remain a week or ten days.

The Rev. Dr. Johnstone and Mrs. Johnstone, from Montreal, are guests at the Manse this week. Dr. Johnstone is minister of the American Presbyterian church in Montreal. This congregation has done splendid work in the interests of home and foreign missions, and Dr. Johnstone is touring the west and getting into touch with the home fields at first hand, which his congregation has been supporting for some time. It is likely that Dr. Johnstone's report to his congregation will result in their supporting of a few more of our outlying fields. This ought to stimulate other congregations and private individuals to go and do likewise.

Fort Saskatchewan, August 26th.

Meat Drivers' Strike.

New York, Aug. 27—The efforts of the American Civic Federation to bring about a settlement of the meat drivers' strike have thus far proven fruitless. It was learned tonight that the Packers' Association informed Ralph N. Easley, chairman of the executive board of the Civic Federation, that the employers had nothing to mediate or arbitrate.

Chicago, Aug. 27—There will be no strike of the teamsters employed by the meat packing firms. Committees representing both sides got together today and agreed to a compromise.

Child Burned at Charlottetown.

Charlottetown, Aug. 27.—The four year old daughter of Ewin Martin, of Southport, was burned to death, was left alone in the house, and while playing with matches, she set fire to her clothes, and was fatally burned.

College Professor Dies at Summer Home.

Iron Park, Mc., Aug. 27.—Kingsbury Batchelder, professor of Greek in Hillsdale college, Michigan, died today here, where he has been spending the summer. He was 67 years old. Death was due to cancer.

TENDERS FOR HAY.

Tenders will be received up to 12 o'clock noon on Wednesday, August 28th, 1907, at the Dominion Lands' Office Edmonton, addressed to the Secretary of Dominion Lands and marked "Tenders for Hay" for the delivery of pressed hay of good quality cured in the stack, for delivery, up to five hundred tons, at any station on the Canadian Northern Railway, west of and including Edmonton, to be delivered on call, between the first of December, 1907, and the first of March, 1908. Each tender must be accompanied by a deposit, marked cheque or otherwise, for ten cents per ton of the amount of tender. The lowest tender not necessarily accepted.

Free permits will be granted on application on any available Dominion Lands for the purpose of this tender.

J. NORQUAY,
Acting Agent of Dominion Lands.

The Humor of the $15,000,000 Fine.

Washington, D.C., Aug. 27.—Mr. Adee, secretary of state today found an amusing feature of the action of the Venezuelan court in assessing a fine which may amount to $15,000,000 against the N. K. and Bermudez Asphalt Co., upon its conviction of having financed a revolution against the Castro government a number of years ago. Mr. Adee referred to the action of that the court found a precedent in the U.S. for the assessment of a huge fine against a corporation that had offended the law of the country in which it operated, and Mr. Adee commenting upon the aptness of the late court in finding precedents examples said: "The court will not so easily find a precedent for the collection of such a fine." Incidentally the word precedent appears to be spelled "president."

All Pullman Cars for Public.

Topeka, Kas., Aug. 27—Notice was sent to the Pullman Car company today by the state board of railroad commissioners that it is the wish of the board that the Pullman company arrange sleepers so that the passengers may be admitted to and carried on elegant head Pullman cars at the usual Pullman rates instead of sending these cars through on crowded trains locked against the public. It is said that the roads and the Pullman company will resist such an order.

The Telegraphers' Strike.

New York, Aug. 27.—A proposal to call out the telegraphers employed by brokerage firms, regardless of whether the firms have signed the union scale or not is the latest news in the strike of the telegraphers. President Small today received a message from the southern telegraphers urging that this step be taken. He replied that the note must remain at work until they had received further instructions from the governing body of the union, and at the same time called a meeting of the men employed in brokerage houses in New York for to-morrow afternoon at which the question of whether they will join the strikers will be discussed.

IN THE MATTER OF THE ESTATE of Elizabeth Grace Richardson, late of the City of Edmonton, Alberta, deceased.

NOTICE IS HEREBY GIVEN that all persons having any claims or demands against the late Elizabeth Grace Richardson, who died on or about the 13th day of May, 1907, at Edmonton aforesaid, are required to send by post prepaid, or to deliver to the undersigned solicitors herein, for H. Milton Martin and Aristede Blais, the executors under the will of the late Elizabeth Grace Richardson, their names and addresses and full particulars in writing of their claims, and statements of their accounts and the nature of the securities, if any, held by them.

AND TAK ENOTICE that after the 15th day of September, 1907, the said H. Milton Martin and Aristede Blais will proceed to distribute the assets of the said deceased among the persons entitled thereto, having regard only to the claims of which they shall then have had notice, and that the said H. Milton Martin and Aristede Blais will not be liable for the said assets, nor any part thereof of any persons to whose claim they shall not then have received notice.

Dated at Edmonton aforesaid, the 14th day of August, 1907.

Noel, Noel & McCormack, of Edmonton in the Province of Alberta, Solicitors for the said H. Milton Martin and Aristede Blais.

PUBLIC NOTICE is hereby given that the Grand Trunk Pacific Railway will, on or after the expiration of four weeks from the first publication of this notice as the notification can be heard, deposit under the provisions of section 221 and following sections of The Railway Act, to the Board of Railway Commissioners for Canada, for authority to construct, maintain and operate a branch line of railway through from a point in west line of said section 1 more or less south of N.W. corner of said sections 14, 15, 16, 17 and 18, Tp. 53 N., R. 24 W. 4th Mer., Province of Alberta, said branch commencing at a point on centre line of the Grand Trunk Pacific Railway main line and in the said N.E. 1-4 of section 14, Tp. 53 N., R. 24 W. 4th Mer., which point is S. 89 degrees 59 longitude West, a distance of 314 feet more or less from a point in E. line of and 564 feet more or less south of N.E. corner of said section 14; thence S. 89 degrees 50 longitude west through sections 14, 15, 16, 17, and 18, Tp. 53 N., R. 24 W. 4th Mer., to a point in centre line of Grand Trunk Pacific Railway main line and being in N.W. 1-4 Section 18, Tp. 53 N., R. 24 W. 4th Mer., which point is N. 89 degrees 50 longitude East 915 feet more or less south of N.W. corner of said section 18 by perpendince of 4.83 miles, as shown on plan, profile and book of reference deposited in the Registry Office for the North Alberta Land Registration District on the 12th day of July, A.D. 1907.

SPORTING NEWS

THE LEGISLATORS LOSE TWO MORE

To the Gas Lighters and are Ousted From the Leadership.

Medicine Hat, Aug. 27.—The most exciting and closely contested game of the year was the third of the final series here with Edmonton this afternoon. It was a great battle between Southpaw, McClair and Works, who pitched his third game against the Legislators and won again. The Hat did all their scoring in the second. Westcott singled, McClair flew out to Lussi, Perry tapped out a two bagger. Jurlage bunted and the ball came in to Ford to prevent Westcott getting in. It hit the runner however, and caromed off his back allowing Perry to score also. In the 6th and 8th Edmonton looked like sure scorers but were wiped up on double plays both times. In the 7th Erickson made a two-bagger and was sacrificed to 3rd by Wayne. He was ordered out and was replaced by White who scored when McClair made 1st on Zarlage's fumble. Baker singled but Wessler and Lussi both flew out to the field. Score:

Edmonton.

Score—	A.B.	R.	H.	P.O.	A.	E.
Baker	3	0	0	3	2	0
Wesler	4	0	0	3	1	0

Batteries—McClair and Ford; Works and Benny. Umpires—Neelands and Priest.

Summary—Two baggers, Harper, Erickson, Perry; double plays, Moyne, Wessler and Lussi, Works and Zurlage.

The Evening Game.

In the second game of the double-header with Edmonton, big Erickson was batted out of the box by the Hat in two innings. After two men were out in the first innings, five hits and five runs were made, and in the second, three hits, tallied two more runs. Harper was then put in the box and held the locals down to the four hits and a run. Hollis put up a good game and was only hit twice. Red Perry is out of the game through being badly spiked, and Bennett is also laid up with a sore arm by one of Works' in-shoots yesterday.

Batteries—Erickson, Harper and Ford; Hollis and Benny. Umpires—Neelands and Priest.

Summary—Earned runs: Medicine Hat 8. Two baggers, Hollis, Hamilton, West, Stolen bases, Westcott, McClair. Struck out by Erickson, 2; Harper 3; by Hollis, 7. Base on balls off Erickson, 2. Wild pitches, Erickson 1.

CALGARY IS SORE.

Calgary, Aug. 28.—The local lacrosse team are very sore on Edmonton for defaulting the game, as the club will be out over $500 on the deal. They stata that all Edmonton's games will be cancelled from the league standing as they wired Calgary today to-day that if the local team would not allow the game to be postponed, they would default their four games to Strathcona. This means that Strathcona will have to play the drawn game in Calgary and the northern district looks easy to them.

A PUGILISTIC ASPIRANT.

Watt Adams, who claims the boxing championship of Manitoba and who is making a tour of the west arrived in the city this morning over the C.N.R. and is anxious to meet some local man in an exhibition here. During the past few weeks he has been at Prince Albert, Morason, Saskatoon, Battleford and Lashburn in each of which places he was won out. Adams weighs in at 178 lbs. in ring costume and will meet any wright. He is now at the imperial Hotel where he may be found for a few days before leaving for Vancouver.

W. J. Young... ..	28	16	44
J. E. Eard	23	31	54
Capt. Armstrong..	21	28	49

LARNED AND LEROY MEET.

Newport, R.I., Aug. 27.—Former champion, Wm. A. Larned, of New Jersey, and Robt. Leroy, of New York, will meet to-morrow in the final all-comers national lawn tennis tournament for the honor of challenging champion Wm. Clothier, Philadelphia, for the title. Larned is a familiar figure in this bracket of the national tournament and twice he has won the championship cup. Should he again win, the cup becomes his property, permanently, together with the much coveted Lingwood cup, which he took out of competition early in the season. Larned today met an old opponent in former Champion Clarence Hobart and won 6-2; 6-4; 6-1. Hobart played almost entirely from the back of the court. Hobart played his usual steady and resourceful game and there were many long rallies, but Larned's brilliant play gave him a comparatively easy win. Leroy took his match with H. McClenahenr in an exciting game, 4-6; 6-4; 7-5; 8-6; 6-0. Leroy's gameness in pulling down commanding leads for a win brought forth much enthusiasm and he finished much stronger than his opponent.

CHAMPIONSHIP FOR STRATHCONA.

It is probable as a result of the action of the Edmonton Lacrosse club that the championship of Northern Alberta will fall to the Strathcona players.

The Edmonton team were to have gone down to Calgary for today but as they were unable to make arrangements for the trip they wired Calgary for a postponement. Despite the fact, however, that Edmonton had granted the same request to Calgary earlier in the season the southern team insisted on holding Edmonton to the strict letter of the schedule.

The Capitals then wired to Calgary that they would cancel all their games—that is the one with Calgary and the two with Strathcona.

The league standing now is as follows:—

	W.	L.	Dr.	Pts.
Strathcona	3	2	1	2
Calgary	3	2	1	2
Edmonton	1	3	1	3

By the defaulting of Edmonton Strathcona will have five games won while only four will go to Calgary—thus giving the northern champion-ship to the Strathcona team. It will be unnecessary to play the drawn game between Strathcona and Calgary as Strathcona is only game in the lead as a result of Edmonton's action.

SOLDIERS WILL LEARN TO COOK

School of Military Cooking Proposed For Halifax Garrison.

Halifax, Aug. 27.—There is being projected here a military cooking school, which will have for pupils the enlisted men of the garrison. The sapply department has to provide some 1,300 men with three square meals daily, so that the problem of cooking is important, and a school of military cooking would be a good thing.

The policy of the service now is to have as much as possible of the preparation of food done by the men themselves, the theory being that a training of this kind the better qualifies for emergencies in the field should this be necessary. It is not easy to carry with an army a bread contractor. For this reason the bread is made by the garrison in Halifax instead of being brought from a contractor, and because of this also it is all hand made, no mixing machinery being used.

A bakery can be started wherever there are men who know how to make the staff of life independent of machinery. The military bakery at Halifax is in the Brick building on the Cogswell street glacis, erected previously as a school house. Major G. A. Dodge, officer in charge of transport supply, says the building could not have been better if erected specially as a bakery.

The work being done in the bakery is quite satisfactory.

RICH GUESTS AT HOTEL ROBBED

At the Windsor, Montreal, Two More Guests Have Been Relieved of Large Sums.

Montreal, Aug. 28.—Since Saturday, according to Mr. W. S. Weldon, manager of the Windsor, two guests of the hotel have been robbed, presumably on street cars of large sums of money. Coming close on the heels of the adventure which befell General De Negrier, of Paris, one day last week, when he was relieved of his wallet containing his letter of credit, on a Windsor and St. Catherine street car, the latest and so far successful efforts on the part of the light fingered fraternity would seem to prove that well dressed and apparently prosperous visitors to the city are followed closely and advantage taken of the customary rush for a street car, during the busy hours, to rob them of their valuables. There is a significant notice posted on the glass of the Windsor Hotel office stating that a large sum of money had been stolen and a large reward would be given to the finder.

The guest in question, who left the city on Saturday, a few hours after he had been robbed of his pocketbook containing bills to the value of some $200 and cheques for a large sum, was quite certain that he had been relieved of his wallet on a street car, and the notice was posted by Mr. Weldon in the faint hope that it might have been dropped in one of the carriders. This theory, however, has been exploded by the non-turning up of the pocketbook. Sunday night a guest of the Windsor took in Dominion Park, and had the sum of $98 on his person. He returned to the hotel a few hours later in a state of excitement. Everything but five cents was gone and that the pickpockets had evidently left for the necessary fare. Neither in the case of General De Negrier nor of the two recent victims of the pickpocket epidemic has anything been heard of the valuables stolen, and no possible clue is available. That Montreal is sheltering in her midst a gang of clever criminals is being demonstrated with emphasis.

Electric Smelter For Vancouver.

Seattle, Aug. 28.—An electric smelter and steel works is to be built in Vancouver by James A. Moore and associates of Seattle. Preliminary arrangements looking to the establishment of these extensive associated industries are already far advanced, and the start of construction and purchasing of equipment will not be long delayed.

Mr. Moore is now operating the old Irondale steel plant near Port Townsend, but it will be but a small affair compared to the industries to be established in Vancouver. During the coming week Mr. Moore expects to visit Vancouver on business connected with the enterprise, while there he expects to close negotiations for a site.

Extensive iron ore deposits on the west coast of Vancouver Island and at Texada Island are now in the hands of Mr. Moore, and it is from these sources of supply that he will draw the raw material for the Vancouver works. Besides the steel plant a large iron foundry will be built and eventually the business of the company will be extended to manufacturing ironworks.

Rifle Matches in Ottawa.

Ottawa, Aug. 27—In the afternoon the first range of the Governor General's match and the first range of the Walker match was fired. They will be concluded tomorrow.

WINNERS AT D. R. A.

Ottawa, Ont., Aug. 28—G. W. Andrews, Winnipeg, in Tyro match at D. R. A. meet, got second prize, $12. Sergeant Martin, British team, got second prize $20, in McDougall match; Sergeant Clarke, 90th, got $10. Sergeant Brown, Canadian Mounted Rifles, was first in Bankers, $15.67 being divided among three firsts, shots all having the possible. Hard of Medicine Hat, got 11, being fifth. C. P. Marsden of the 50th, tied for first and in Sir Charles Ross Rapid Fire match was second, winning $19 with possible.

MOROCCO STILL IS UNSETTLED

Europeans Take Precautions Natives Make Skirmishing Attack on Casa Blanca.

Fez, Morocco, Aug. 25.—The European residents of Fez, excepting the Germans, left here yesterday for El Araish. They go escorted by troops. No difficulties are feared.

Natives Bearing Down on City.

Tangier, Aug. 27.—It is declared here that a large body of native cavalry has been seen bearing down on Casa Blanca from the direction of Morocco City. Macfalnan, the financial priest, has left Safi, and it is reported that he is going to Fez.

Fezes Follows Light Attack.

Casa Blanca, Aug. 27.—The Moors began to form for another attack when about three miles away but a few well directed shells quickly dispersed them. The Arabs suffered heavily from the shell fire. As a result of the reconnaissance made by General Drude, the Arabs have drawn off and normal conditions at Casa Blanca are being restored.

Bucket Shops Out of Washington.

Washington, D.C., Aug. 27.—Several of the proprietors of the brokerage concerns which have been under suspicion of doing a "bucket shop" business have indicated to the district attorney their intention to discontinue business, and close their offices as soon as they can liquidate their accounts and settle affairs. Acting District Attorney Evans to-day said that by the end of the present week no bucket shops would be in operation in this city.

NEW LAKE FOUND.

In North Ontario Clay Belt Extends Much Further Than Expected.

Toronto, Aug. 27. — Land surveyor, Speight, who is extending a base line through Ontario for the Provincial government, has reached the Kabinagami river. He reports that the great clay belt extends even further than was supposed. He discovered and charted a lake having a shore line of fifty miles not recorded on any existing maps of the new district.

INTERDICTED WAS FINED.

At Kingston For Attempting to Secure Liquor in Hotel.

Kingston, Ont., Aug. 27.—In the police court today a case was tried which is of general interest. Some time ago Arthur P. Woodside, a prohibited person, was charged by the licensing inspector with having attempted to procure liquor from a hotel keeper. He kept out of the way for several weeks, but finally gave himself up and today was fined $10 and costs.

This is probably the first case of the kind in the province and shows that the laws respect the liquor seller in punishing the prohibited man who tempts him to sell and to thi sextent acts also as a detriment on the prohibited party.

An Actor's Sensational Suicide.

Chicago, August 27.—A special to the Record Herald from Webster City, Ia., says: In sight of an astonished crowd, Carl Pressley, an actor, today made a bonfire of his paper money, threw his jewelry in the sewer, and then announced to a group of friends that he was going to kill himself. He drew a revolver from his pocket, walked across the street and calling to a number of persons in the vicinity to watch him die, fired a bullet into his brain. He died instantly.

THE WEATHER.

Maximum 57, minimum 38, barometric pressure 30.08.

LOCALS.

There will be an anniversary supper and entertainment in Grace Methodist church on Monday evening, September 2. Tea will be served from 6 to 8.

A very enjoyable picnic was given yesterday afternoon at the golf links grounds by Mrs. Snatchel, Fifth street. There were about 60 guests present, and numerous games were indulged in, including that of "chopping wood."

At the Salvation army barracks tomorrow evening Adjutant Lacey will give a thrilling account of his trip from Niagara Falls to Chicago on the bumpers. This is a hobo lecture, telling of the days of long ago before the Adjutant met the Salvation Army, and when he was sowing his wild oats.

Edmonton Encampment No. 2 I.O.O.F. will meet on Friday night at eight o'clock for the purpose of conferring the first and second degree. On Tuesday next there will be an encampment instituted at Wetaskiwin by Past Grand Master A. E. May and Edmonton Encampment No. 2 will confer the degrees.

Rev. Dr. Johnston, minister of the American Presbyterian church of Montreal, is visiting in the city. Dr. Johnstone is spending some weeks visiting the mission stations of the west, which are supported by the American Presbyterian church of Montreal, of which there are eighteen in Alberta. In addition to this it pays the expense of five missionaries in the foreign field, and one city missionary in Montreal. Dr. Johnstone occupied the pulpit in Vermilion last Sunday. He will conduct the prayer meeting in the First Presbyterian church this evening.

CARDIFF BOARDING HOUSE

The Cardiff Boarding House Company limited, are preparing plans for the erection of a $6,000 boarding house on the townsite of Cardiff four miles east of Morinville. The Cardiff Trading Co. also are erecting a store at Cardiff.

SPARK ARRESTED.

The C.N.R. have been working with various appliances to prevent the escape of sparks from the locomotive engines burning Morinville lignite coal. A trial run was made with one of the engines fitted up with the new mechanism and has proved quite satisfactory to Superintendent Carey. The mechanical inspector of the Railway Commission is expected to make a test on the appliance today.

RETURNS FROM COAST.

Cecil Sutherland, manager of the W. Johnstone Walker Co., returned last night from a month's vacation spent in Vancouver and Victoria. Mr. Sutherland says the general tone of business in the coast cities is not much different to that of Edmonton. Both in Mercantile and real estate there is a healthy condition apparent. What real estate business there is he said, is of a very substantial nature, and not of a speculative character.

GUILTY OF STEALING CIGARS.

A lad of about eighteen years was arrested yesterday afternoon and pleaded guilty to stealing several boxes of cigars from the Senate Cigar Store on Jasper avenue. The theft was committed on the 23rd, the boxes being taken from the basement of the store and afterwards sold to a Chinaman. They had been marked, however, and Detective Griffith, who was working on the case, soon located the culprit. He will be sentenced this afternoon by Magistrate Wilson.

A BAWKY HORSE.

A bawky horse afforded considerable amusement on East Jasper for about an hour this morning. The animal, while being driven down the street, stopped suddenly near the Alberta Hotel. Every resource was adopted to move him, but it was not until he was unhitched from the carriage that he could be started. Then, as two men led him along, the buggy was again attached, and those in charge jumped in. Immediately the animal stopped again, and the same proceeding had to be repeated. By expedients of this kind the animal was ultimately taken to the owner's barn at the east end, where he may in time get in better spirits.

CHINESE IN COURT.

Chinatown had undisputed possession at the police court yesterday afternoon. The attraction to the Celestials was the trial of Mah Jim on a charge of stealing $80 on Tuesday, the 22nd, from Wing Lee, at a resort on Rice street, where they were visiting.

The presiding magistrate was T. H. Wilson, and he was assisted by H. E. Round. All prepatations had been made for the administration of the Chinese oath, and in a bag underneath the judicial bench a pair of chickens squeaked, while on the table stood a large, newly purchased butcher knife, with which the fowl were to be slaughtered, according to the usage of the courts of law in the Celestial Kingdom. The one Chinaman, the prosecutor himself, whose evidence occupied the time yesterday afternoon, was content to swear by a more modern form of oath. However, and the lives of the chickens were spared.

The testimony of the prosecutor, told by means of an interpreter, was to the effect that while visiting the Rice street resort he was attacked by Mah Jim and others, and when he recovered from the assault he was minus his eighty dollars.

About five o'clock the case was adjourned till this afternoon. W. Clarke appeared for the prosecutor, and H. H. Robertson for the defendant.

PERSONAL.

G. Long, Wetaskiwin, is at the Cecil.

James McGeorge was in Leduc yesterday.

F. E. Nichols, Penoka, is a guest at the Cecil today.

Alfred Allayne Jones returned this morning from Vermilion.

J. R. Cowell, clerk of the Legislative Assembly, is at the Cecil.

O. C. Morrison, Lloydminster, is a guest at the Alberta today.

Dr. Bennett of Fort Saskatchewan is registered at the King Edward.

Major Belcher, R.N.W.M.P., Lethbridge is in the city for a visit of some days. He is staying at the King Edward.

H. A. Craig, secretary of the Beef Commission returned from Winnipeg last night. The sessions of the Commission in Manitoba have been concluded.

WATER TURNED OFF.

The city waterworks was turned off nearly all last night, owing to the breaking of one of the water valves at the pumping station. Men were at work all last night repairing the break, and this morning the service was in its usual condition.

VEGREVILLE FAIR.

The annual exhibition of the Vermilion Valley and Beaver Lake Agricultural Society will be held at Vegreville, on Thursday and Friday, October 3rd and 4th. The original dates were Sept. 10th and 11th, but the directors have decided to change these. A special train will be run from Edmonton on the second day of the fair.

MURDER REPORT INCORRECT.

A report was current on the streets this morning of a murder by shooting last night near a hotel in the northern part of the city. Investigation proved that the story was without foundation and probably arose from a quarrel between two men, but which happily had no such serious consequences as reported.

RIVER STILL HIGH.

The water in the Saskatchewan continued to rise yesterday and is now the highest of the season, with the exception of the phenomenal rise in June last. The operations in connection with the dredging for gravel are temporarily stopped and the plants of the Edmonton Dredging Co. Ltd. and the Huff Grading Company have both been idle during the past two days.

WILL PRESS CHARGES.

The charge preferred by W. L. Hall, scrutineer for J. D. Blayney in the recent civic contest are not to be dropped by him as a result of the filing of his letter by the City Council last night.

Mr. Hall stated this morning that he had engaged the services of E. B. Cogswell, K.C., and an information would be laid against the returning officer, Harry J. Helliwell, charging illegal practices in the conduct of the election on Monday last.

"I am sick" said Mr. Hall to-day, "of the charges of graft and corruption that have been made in every election recently and I am going to do my best to expose the illegalities in connection with Monday's contest."

It is probable that an information will be laid before J. S. Cowan or T. H. Wilson and after a summons is served on the Returning Officer the case will come up for hearing in the Police Court.

DONATIONS TO FAIR.

The donations to the Provincial Fair which was held in Edmonton July 1, 2, 3 and 4 are as follows:

Archibald A., $5; Alberta Importing Wine Co., $10; Alberta Hotel, $75; Alberta Milling Co., $15; Brackman-Ker Milling Co., medals, $30; Bank of Montreal $25, Blowey Henry Furniture Co., $10; Bank of Hochelaga, $10, Burns E. & Co., $25; Canadian Pacific Railway Co., $100; Canadian Northern Railway Co., $200; Cecil Hotel, $100; Campbell C. W., $5; Chown Hardware Co., $5; Campbell & Ottewell, $10; Castle Hotel, $10; Castle Livery, $10; Cushing Brothers, $10; Campbell Furniture Company, $10; Cameron and Cameron, $25; Edmonton Brewery, $25; Edmonton Wine and Spirit Co., $5; Edmonton Real Estate Co., $10; Edmonton Clothing Co., $5; Edmonton Hotel, $100; Edmonton Tent and Mattress Co., $10; Edmonton Fruit and Produce Co., $5; Eclipse Livery, $10; Great West Saddlery Co., $10; Grand Central Hotel, $50; Gariepy and Landry, $10; E. SUCCESSORS TO McDOUGALL & SECORD

36-5 Jasper Ave. W. Department Stores

A SCANDINAVIAN VISITOR.

C. Rasmussen, president of the Rasmussen Publishing Company of Minneapolis, Minn., is in the city today. Mr. Rasmussen is on a tour of the west, visiting all the Scandinavian districts in the country. His company holds the agency for 160 different Scandinavian publications and it is in connection with these that he is now in the country. He came here from Prince Albert where an exceptionally prosperous colony is located. There is also a colony at Wetaskiwin, which he purposes visiting when he leaves Edmonton. Mr. Rasmussen says the Scandinavians make good settlers. They have proven among the very best in the United States and statistics show that 80 per cent. of them own their own farms across the line. When the Scandinavians first immigrated to America they located in Illinois. From there they went over into Wisconsin, from Wisconsin they proceed to Iowa and from Iowa to Minnesota; finally wending up in the Dakotas. Their next move will naturally be into Canada. Mr. Rasmussen says that Canadian land is cheaper and better than that in the north western United States and he advises all Scandinavians with whom he comes in contact to come into the Prairie Provinces. Besides the two places already named there are large colonies of Scandinavians in Hanley, Sask., and in the Red Deer district. Through the Prairie Provinces there are 50 Scandinavian Protestant clergymen. Mr. Rasmussen was in Canada the last time in 1888. Naturally he sees many changes since that time.

ANNOUNCEMENT

I take this opportunity of informing the Citizens of Edmonton that I am showing a fine line of the **New Raymond Sewing Machines** at the **Lundy-McLeod Co's Hardware Store.** I want you to examine these Machines—see them tested on all kinds of work. Perhaps your Machine is not working to suit you. I have had TWENTY-FIVE YEARS' Experience on all the leading Sewing Machines and will guarantee to put your Machine in perfect working order (no matter what make) or make no charge. Call and see me. Orders by Mail or Phone will receive prompt attention. Phone 540. DONALD McLEOD.
